**Report on Foundation week celebration 1-5 August 2017**

As per the instructions from the AICTE the department has organized one week foundation programme for incoming first year students of Electrical engineering.

On day-1 An introduction all the incoming first year students of Electrical engineering were given their introduction along with their brief aim on engineering course. All the faculty and staff members gave their introduction.

Head of department Prof. K. Vadirajacharya, gave introduction of the department including facilities available, laboratories, brief achievements and important alumnus of the department.

To inspire budding engineers on engineering education, Prof. B.B. Singh head Mathematics department had given his an expert advice on “Role of engineers in Society”

On post lunch session all the new students were taken to different amenities in the campus by their senior friends.

There were brain storming hands on experience with engineering modules and engineering solutions on societal problems which were very much interactive and informative .

On last day Hon/’le Vice Chancellor was kind enough to address fresher’s on role and need of engineers in Society.

Prof. A.P. Shesh Head English Department has addressed the students on Communication skill analysis.

Overall the feedback report analysis marks an impression of needful awareness on the objective of the course, amenities available and utilization for a successful engineering career at the end of the course.
