

## Workshop Category

### Robotics

Auto-Robotics  
Mobile Controlled Robotics  
Bluetooth-Robotics

### CS/IT

Android Apps Development  
Ethical hacking  
Python

## Beginner Level

**Fee: Rs.999**  
per participant

### Electronics/ Electrical

Arduino  
Matlab  
Home Automation  
PCB Designing

### Civil

Bridge Design  
Staad-Pro  
Autocad  
Tall Building Design

Free take away kit

### Mechanical

Automobile IC Engine Design  
Software Training: Catia, Pro-e, Autocad  
Solid Work

### Robotics

Android Controlled Robotics  
Hand Gesture Robotics

### CS/IT

Cloud Computing  
Linux  
Android Game Devlp.  
Ethical Hacking Kali linux  
Python with Django-  
-Framework

## Intermediate Level

**Fee: Rs.1200**  
per participant

### Electronics/ Electrical

IOT with Arduino  
Matlab with Robotics  
Quad Copter  
Solar & Smart Energy  
System

### Civil

Structural Design  
Foudation Analysis

Free take away kit

### Mechanical

F1 Racing Car Design  
Piping Design  
Ansys  
Hydraulic Arm  
Quad Copter

## Robotics

- Sixth Sense-Robotics
- X-bee Robotics
- Brain Controlled Robotics
- Satellite Robotics
- Haptic Arm Robotics

## CS/IT

- Big Data & Hadoop
- R - Programming
- Open Source CV
- CCNA Networking
- Cloud with Amazon Web-Services
- Machine Learning
- Artificial Intelligency

## Advance Level

**Fee: Rs.1500**  
per participant

## Electronics/ Electrical

- ARM Cortex -m Processor
- IOT with Raspberry PI\*
- IOT with ESP8266
- Raspberry PI\*
- Artificial Intelligency

## Free take away kit

## Civil

- Remote Sensing & GIS

## Mechanical

- Vehicle Dynamics
- F1 & Moto GP
- Automotive Air Conditioning
