The esteem speaker Dr. S.B. Deosarkar, IPD, TEQIP-III DBATU Lonere highlighted the role of Outcome Based Education in NBA Accreditation. He explained the general philosophy of accreditation and the various accreditation criterion with weightages assigned to them. He informed to the participants that, earlier accreditation system was based on input-output model of education but now the present system is an Outcome Based System, in which learning and program outcomes are measurable which facilitates the adoption of the corrective plans for continuous improvement. He also highlighted the role of TEQIP in quality enhancement. He has put the thrust on the requirement of interdisciplinary knowledge to graduate engineers and necessity of induction program for newly admitted students.

**Speaker: Dr. R.S. Pawade, DBATU Lonere**

**Topic: Course Outcomes and it's Mapping with PO's**

**Outcome based education**

Dr. S.A. Pawade, esteem speaker and Associate Professor of DBATU spoke on Course outcomes and it's mapping with PO's. Many a times, there is a problem or confusion for the faculty members regarding mapping of CO's with PO's and in his lecture this problem or this confusion has been greatly addressed by Dr. S.A. Pawade. Along with the mapping, the procedure for calculation of attainment levels of CO's ad PO's was also explained by the esteem speaker.

**Day-1: 24<sup>th</sup> Nov 2018**

**SECOND SESSION**

**Speaker: Dr. A.W. Kiwelekar, DBATU Lonere**

**Topic: Blooms Taxonomy**

**Revised Bloom's Taxonomy: An Introduction**

Dr. S.B. Deosarkar, IPD, TEQIP-III highlighted that, the student centric approach is necessary for OBE and accordingly he advised the faculty members to involve the students in various learning activities and he has explained this by few examples. He also explained the role of Stakeholders in Accreditation. The role of MOOCS in the Teaching-Learning was also informed to the participants. He has put the thrust on futuristic approach of the Institution for quality improvement.

**Speaker: Dr. Mrs. Shaina Suresh Kumar, Linton University, Malaysia**  
**Topic: An Insight on Outcome Based Education and Measurement Indices in Modern Teaching & Learning Environment**

Dr. Shaina Suresh Kumar of Linton University, Malaysia spoke on “Outcome Based Education and Measurement Indices in Modern Teaching & Learning Environment”. She urged for the need to shift from traditional education model to outcome based education model. During her presentation she explained regarding OBE, OBE requisites, Real benefits of OBE, SWOT analysis, OBE process and so on. During her presentation she advised that, major thrust should be given on the design of curricula. Dr. Mrs. Shaina advised the teachers to carry out self SWOT analysis for further improvements. The difference between assessment & evaluation was also elaborated during the presentation.

## PREAMBLE

National Board of Accreditation (NBA) assures quality education especially of the programmes in professional and technical disciplines, i.e. Engineering and Technology, Management, Architecture, Pharmacy and Hospitality through the mechanism of accreditation of the programs offered by technical institutions.

In order to successfully prepare an institution for NBA accreditation, a thorough understanding of the accreditation/evaluation criteria and the processes, concepts of Outcome Based Education (OBE), developing Programme Outcomes (PO), Program Specific Outcomes (PSO), Course Outcomes (CO), CO-PO mapping, file preparation and document management for Self-Assessment Report (SAR) are essential. This workshop equips the participants to prepare their institutions to align their activities to the quality requirements of NBA.

## ABOUT DBATU

Dr. Babasaheb Ambedkar Technological University is one and only one of its kinds in the State. The University is located at Lonere, District Raigad in Maharashtra. It is autonomous in nature and Unitary in its character. It is established in the year 1989 by the Government of Maharashtra. Although relatively young, the University is making its mark in the field of research and technological services through its dedicated faculty and disciplined students.

The University has a conducted institute of its own, "Institute of Petrochemical Engineering", running Diploma Courses in eight streams of Engineering and Technology. The University extends its services to the society through a governmental scheme of "Community Polytechnic" by educating the dropouts and empowering them with technical skills. The University offers education especially to rural women through a Certificate Course in Nursing Technology.

## ABOUT RCERT

Rajiv Gandhi College of Engineering, Research and Technology, Chandrapur is established in the year 1983 by Sardar Patel Memorial Society's (Trust) which is affiliated to Babasaheb Ambedkar Technological University, Lonere Maharashtra and approved by AICTE, New Delhi, and Directorate of Technical Education, Maharashtra state. College runs various courses in engineering viz. Mechanical Engineering, Electrical Engineering, Civil Engineering, Electronics & Communication Engineering, Mining Engineering, Computer Science & Engineering and Information Technology. College runs PG programs in the Departments of Computer Science & Engg.,

Electrical Engg. and Mechanical Engg. Few departments of the College are recognized as Research Centre for Ph.D. program.

Mission of the college is to produce technically competent and responsible future ready citizen engineers, managers and entrepreneurs and to motivate the students & faculty to pursue innovative research having applications to the society and the industries. Several of its alumni are serving at distinguished position in reputed organizations in the country and abroad. Seminars, Symposia, Workshops are organised regularly to disseminate and mutually exchange the latest developments and real life problems faced by industry.

## COURSE CONTENTS

The Two Days Workshop shall focus on following Points:

- Outline of Outcome Based Education (OBE)
- Benefits of Outcome Based Education
- Programme Educational Objectives (PEO)
- Programme Outcomes (PO)
- Programme Specific Outcomes (PSO)
- Course Outcomes (CO)
- Mapping PEOs, PSOs, POs, COs
- Blooms Taxonomy
- Measuring and Assessing Outcomes

**3. Suggestions for improving the course:**

It should be more interactive. More hands-on practice would have added flavour in the program. overall it was nice

**4. Any other comments:**

Food was good. Hospitality was nice

It should be one week programme and actual Co/PO mapping would have been done from Faculty members
