

**Dr. Babasaheb Ambedkar Technological University, Lonere, Raigad**  
**TimeTable of MCQ based Online Supplementary Examination–Summer 2021**  
**(M.Tech 1<sup>st</sup> Semester)**

Date	Time	Sem	Branch	Subject Name
09/11/21	10:00 AM to 05:00 PM	I	Chemical Engineering	Advanced Momentum Transfer
			Civil Infrastructure Engg. And Mng.	Infrastructure Planning
			Communications	Signal Theory
			Computer Aided Structural Analysis and Design	Advance Structural Analysis
			Computer Engineering	Computer Algorithms
			Computer Science & Engineering	Computer Algorithms
			Computer Science & Information Technology	Computer Algorithms
			Construction Management	Management and Project Planning
			Construction Technology & Management	Management and Project Planning
			Control System	Modelling and Dynamic System
			Design	Advanced Methods in Engineering Design
			Digital Communications	Signal Theory
			Electrical Drives & Control	DC Drives
			Electrical Engineering	Power System Modeling
			Electrical Power Systems	Power System Modeling
			Electronics and Communication Engineering	Advanced Communication Engineering
			Electronics and Telecommunication	Signal Theory
			Electronics Engineering	Computational Methods
			Embedded System Engineering	System Design using Embedded Processors
			Environmental Engineering	Environmental Chemistry and Microbiology
			Heat Power Engineering	Advanced Thermodynamics
			Machine Design	Advanced Methods in Engineering Design
			Manufacturing Engineering	Theory of Machining
			Manufacturing Processing	Theory of Machining
			Mechanical CAD/CAM	Advanced Methods in Engineering Design Computer Aided Design
			Mechanical Design Engineering	Advanced Methods in Engineering Design
			Mechanical Engineering	Engineering Thermodynamics
			Mechanical Production Engineering	Theory of Machining
			Mining Engineering	Operations Research
			MTech Mechanical Design Engineering	Advanced Methods in Engineering Design
			Power Electronics and Power System	Power System Modeling
			Software Engineering	Computer Algorithms
			Structural Engineering	Theory of Elasticity and Plasticity
			Thermal and Fluids	Advanced Thermodynamics
			Thermal Engineering	Advanced Thermodynamics
			VLSI & Embedded Systems Design	VLSI Technology and Design
			Water Resource	Engineering Hydrology And Hydrological System

10/11/21	10:00 AM to 01:00 PM	I	Chemical Engineering	Advanced Heat Transfer
			Civil Infrastructure Engg. And Mng.	Life Cycle Cost Analysis of Infrastructure
			Communications	Antenna Theory and Design
			Computer Aided Structural Analysis and Design	Matrix Methods of Structural Analysis
			Computer Engineering	Machine Learning
			Computer Science & Engineering	Machine Learning
			Computer Science & Information Technology	Machine Learning
			Construction Management	Cost and Quality Management
			Construction Technology & Management	Cost and Quality Management
			Control System	System Identification
			Design	Analysis and Synthesis of Mechanisms
			Digital Communications	Antenna Theory and Design
			Electrical Drives & Control	Electrical Machine Modelling and Analysis
			Electrical Engineering	Advanced Power Electronics
			Electrical Power Systems	Advanced Power Electronics
			Electronics and Communication Engineering	Wireless Communication
			Electronics and Telecommunication	Radiation and Microwave Techniques
			Electronics Engineering	Microelectronics
			Embedded System Engineering	Embedded Programming
			Environmental Engineering	Physico- chemical process for water and waste water
			Heat Power Engineering	Advanced Heat Transfer
			Machine Design	Analysis and Synthesis of Mechanisms
			Manufacturing Engineering	CNC Technology
			Manufacturing Processing	CNC Technology
			Mechanical CAD/CAM	Computer Aided Design
			Mechanical Design Engineering	Analysis and Synthesis of Mechanisms
			Mechanical Engineering	Machining and Forming Processes
			Mechanical Production Engineering	CNC Technology
			Mining Engineering	Applied Rock Mechanics
			MTech Mechanical Design Engineering	Analysis and Synthesis of Mechanisms
			Power Electronics and Power System	Advanced Power Electronics
			Software Engineering	Machine Learning
			Structural Engineering	Matrix Methods of Structural Analysis
			Thermal and Fluids	Advanced Heat Transfer
			Thermal Engineering	Advanced Heat Transfer
			VLSI & Embedded Systems Design	CMOS Analog Circuit Design
			Water Resource	Ground Water Hydrology
11/11/21	10:00 AM to 01:00 PM	I	Chemical Engineering	Advanced Reaction Engineering
			Civil Infrastructure Engg. And Mng.	Construction Management Practices
			Communications	Signal Processing Algorithms & Applications
			Computer Aided Structural Analysis and Design	Structural Dynamics
			Computer Engineering	Advanced Computer Networks
			Computer Science & Engineering	Advanced Computer Networks

11/11/21	10:00 AM to 01:00 PM	I	Computer Science & Information Technology	Advanced Computer Networks
			Construction Management	Contract Administration and Management
			Construction Technology & Management	Contract Administration and Management
			Control System	Modern Control System
			Design	Advanced Mechanical Vibrations
			Digital Communications	Advanced Digital Communication
			Electrical Drives & Control	Modern Control System
			Electrical Engineering	Modern Control System
			Electrical Power Systems	Renewable Energy Systems
			Electronics and Communication Engineering	Signal Processing Algorithms & Applications
			Electronics and Telecommunication	Signal Processing Algorithms & Applications
			Electronics Engineering	VLSI System Design
			Embedded System Engineering	Advanced Digital System Design
			Environmental Engineering	Environmental Legislation and Management
			Heat Power Engineering	Numerical Methods and Computational Techniques
			Machine Design	Advanced Mechanical Vibrations
			Manufacturing Engineering	Advanced Joining Technology
			Manufacturing Processing	Advanced Joining Technology
			Mechanical CAD/CAM	Computer Aided Manufacturing
			Mechanical Design Engineering	Advanced Mechanical Vibrations
			Mechanical Engineering	Mechanical Vibrations
			Mechanical Production Engineering	Advanced Joining Technology
			Mining Engineering	Advance Mining Methods
			MTech Mechanical Design Engineering	Advanced Mechanical Vibrations
			Power Electronics and Power System	Renewable Energy Systems
			Software Engineering	Requirements Engineering
			Structural Engineering	Structural Dynamics
			Thermal and Fluids	Numerical Methods and Computational Techniques
			Thermal Engineering	Numerical Methods and Computational Techniques
			VLSI & Embedded Systems Design	Advanced Embedded Logic
			Water Resource	Advanced Fluid Mechanics
12/11/21	10:00 AM to 01:00 PM	I	Chemical Engineering	Thermodynamics of Phase Equilibria
			Civil Infrastructure Engg. And Mng.	Building Environment and Services
			Communications	Mobile Communication
			Computer Aided Structural Analysis and Design	Design of Bridges
			Computer Engineering	Cloud Computing
			Computer Engineering	Natural Language Processing
			Computer Science & Engineering	Cloud Computing
			Computer Science & Engineering	Natural Language Processing
			Computer Science & Information Technology	Cloud Computing
			Construction Management	Advanced Construction Equipment

12/11/21	10:00 AM to 01:00 PM	I	Construction Technology & Management	Advanced Construction Materials and Techniques
			Control System	Optimal Control
			Design	Advanced Engineering Materials
			Design	Experimental Stress Analysis
			Design	Instrumentation and Automatic Control
			Design	Robotics
			Digital Communications	Mobile Communication
			Electrical Drives & Control	Modern Power Electronics
			Electrical Engineering	Renewable Energy Systems
			Electrical Power Systems	High Voltage Power Transmission.
			Electronics and Communication Engineering	Analog and Mixed Signal Processing
			Electronics and Communication Engineering	Smart Antenna
			Electronics and Telecommunication	Electromagnetic Interference and Compatibility
			Electronics and Telecommunication	Mobile Communication
			Electronics Engineering	Medical Electronics
			Embedded System Engineering	Artificial Neural Networks and Applications
			Environmental Engineering	Ground Water Contamination and Pollution Transport
			Heat Power Engineering	Advanced I.C. Engines
			Machine Design	Mechanics of Composite Materials
			Machine Design	Robotics
			Manufacturing Engineering	Processing of Advanced Materials
			Manufacturing Engineering	Quality Control and Reliability
			Manufacturing Processing	Sheet Metal Engineering
			Mechanical CAD/CAM	Product Life Cycle Management
			Mechanical Design Engineering	Experimental Stress Analysis
			Mechanical Engineering	Additive Manufacturing
			Mechanical Engineering	Advanced I.C. Engines
			Mechanical Engineering	Utilization of Solar Energy
			Mechanical Production Engineering	Additive Manufacturing
			Mechanical Production Engineering	Quality Control and Reliability
			Mining Engineering	Eco-friendly Mining
			MTech Mechanical Design Engineering	Instrumentation and Automatic Control
			Power Electronics and Power System	High Voltage Power Transmission.
			Software Engineering	Software Modeling and Reasoning
			Structural Engineering	Design of Bridges
			Structural Engineering	Numerical Methods
			Thermal and Fluids	Advanced I.C. Engines
			Thermal Engineering	Utilization of Solar Energy
			VLSI & Embedded Systems Design	Digital System Design
			Water Resource	Water Application Systems

13/11/21	10:00 AM to 01:00 PM	I	Chemical Engineering	Bioprocess Engineering
			Civil Infrastructure Engg. And Mng.	Contracts, Administration and Arbitration
			Communications	High Performance Communication Network
			Computer Aided Structural Analysis and Design	Advanced Pre-stressed Concrete
			Computer Engineering	High Performance Computing
			Computer Engineering	Model Checking
			Computer Science & Engineering	Artificial Intelligence and Knowledge Reasoning
			Computer Science & Engineering	High Performance Computing
			Computer Science & Engineering	Intrusion Detection System
			Computer Science & Information Technology	Intrusion Detection System
			Construction Management	Advanced Sustainable Building Technology
			Construction Management	Construction Disaster Management
			Construction Technology & Management	Construction Disaster Management
			Control System	Industrial Automation and Control
			Design	Computational Techniques in Engineering Design
			Design	Machine Tool Design
			Design	Process Equipment Design
			Design	Tribology in Design
			Digital Communications	Optical Fiber Communication
			Electrical Drives & Control	Power Quality Assessment and Mitigation
			Electrical Engineering	Electrical Transients in Power System
			Electrical Engineering	Power Electronics for Renewable Energy Systems
			Electrical Power Systems	Power Quality Assessment and Mitigation
			Electrical Power Systems	Power System Planning and Reliability.
			Electronics and Communication Engineering	Optical Fiber Communication
			Electronics and Telecommunication	Optical Fiber Communication
			Electronics Engineering	Embedded System Design
			Embedded System Engineering	Optical Fiber Communication
			Environmental Engineering	Climate Change
			Heat Power Engineering	Wind Energy
			Machine Design	Computational Techniques in Engineering Design
			Machine Design	Tribology in Design
			Manufacturing Engineering	Finite Element Method
			Manufacturing Engineering	Machine Tool Design
			Manufacturing Processing	Hydraulic, Pneumatic and Fluidic Control
			Manufacturing Processing	Manufacturing Planning and Control
			Mechanical CAD/CAM	Computer Integrated Manufacturing
			Mechanical CAD/CAM	Robust Design of Products/ Processes
			Mechanical Design Engineering	Machine Tool Design
			Mechanical Engineering	Finite Element Method
			Mechanical Engineering	Manufacturing Planning and Control

13/11/21	10:00 AM to 01:00 PM	I	Mechanical Engineering	Wind Energy
			Mechanical Production Engineering	Machine Tool Design
			Mechanical Production Engineering	Manufacturing Planning and Control
			Mining Engineering	Safety and Risk Management in Mines
			MTech Mechanical Design Engineering	Machine Tool Design
			Power Electronics and Power System	Advance Control System
			Software Engineering	Mobile Computing
			Structural Engineering	Advanced Pre-stressed Concrete
			Thermal and Fluids	Finite Element Method
			Thermal Engineering	Energy Conservation and Management
			Thermal Engineering	Pumps, Blowers and Compressors
			VLSI & Embedded Systems Design	Embedded C
			Water Resource	Water Supply Systems

**Controller of Examination**
