Introduction

Data Science basically is an amalgamation of mathematics, programming, statistics and design which are applied in order to successfully manage digital data collection. It is a multi-disciplinary field that uses scientific methods, processes, algorithms and systems to extract knowledge and insights from structured and unstructured data.

Objectives

- To impart necessary knowledge of the mathematical foundation needed for data science and develop programming skills required to build data science application
- To support Faculty and Research Scholars in understanding concepts of Data Science for Research and Teaching

Eligibility and Selection Criteria

Faculty members / Research Scholars from AICTE approved Engineering Degree/Diploma colleges are eligible to participate. The number of participants is limited to forty and selection will be done on first-cum-first-served basis.

Who should attend

Faculty members, research scholars, PG Scholars, industrial persons working in Engineering domain such as Automobile, Chemical, Electrical, Electronics, Instrumentation, Computer, Mechanical and Mechatronics.
