**EMPANELMENT OF ARCHITECT FOR PROJECT COST LESS
THAN 50 CRORES IN DBATU**

RULES FOR EMPANELMENT

1. TITLE:

These rules shall be called Rules of Empanelment for Architects for project cost less than 50 crores.

2. APPLICABILITY:

Any Individual, Sole Proprietorship Firm, Partnership Firm, Public Limited company or a Private Limited Company may apply for empanelment as an “Architect Consultant” in DBATU under these rules provided the eligibility criteria and other conditions are satisfied. The empanelled “Architects Consultant” has to abide by all the rules made herein and as amended from time to time, during the tenure of their empanelment.

3. SCOPE OF WORK:

The general scope of work includes but is not limited to site survey and soil investigation, preparation of concept / master plan, preparation of detailed architectural design, preparation of preliminary / working / GFC drawings, preparation of tender documents, BOQ and detailed specifications, interior designs, landscape architecture and evaluation of works. Submission of “as built drawing” and obtaining completion certificate from statutory authorities. The detailed scope is as follows:-

Stages of Work

Stage – 1: Concept Design

- 1) To understand the client requirements in terms of technical and operational requirement for each of the Architectural services and briefing session with client if required.
- 2) After understanding the proposal, analysing the client requirement and prepare conceptual notes.
- 3) Preliminary analysis of Design proposals.
- 4) Preparation of Design Basis Report (DBR).
- 5) Space planning for the services at ground level.
- 6) After approval of the conceptual stage drawings same shall be presented to the client for sign off.

Stage – 2: Preparation of Drawings and Documentation Required for Government Authority Approval.

To prepare necessary drawings and documents required to get commencement of constructions from Government authority such as Public Works Department, Corporation, High rise committee, Fire department and Environmental clearance.

Stage – 3: Preliminary Drawing Stage

On approval of conceptual drawing and design basis report from client and then develop preliminary drawing for all services.

- 1) Preparation of drawings of the project and other assigned work.

Stage – 4: Tender stage

Pretender stage

On approval of preliminary drawings from client and to carry out tender procedure.

- 1) Tender drawings.
- 2) Bill of quantities.
- 3) Technical specifications.
- 4) Technical data sheet.
- 5) List of approved makes.

After completing a tender document, it is to be presented to client for approval. If any clarification required from client a pre-tender meeting is conducted to clarify technical queries raised by the clients.

Post tender stage:

- 1) To attend the meeting for clarifying if any technical queries raised by the contractors.
- 2) Preparations of technical clarification documents and get it confirmed from contractors.
- 3) Evaluation of tender offers received for the works and preparation of administrative and technical evaluation reports on the offers received.

Stage – 5: Good For Construction Drawings.

On approval of preliminary drawings from client and after receiving RCC drawing consultant has to develop detailed execution drawing and designs.

- 1) Preparation of drawing deliverables schedule.
- 2) Co-ordination and follow up with R.C.C consultant and other design consultants for their inputs.
- 3) Preparation of detailed documentation including specifications, schedules and bills of quantities to reflect the proper execution of works.

Stage – 6: Construction Stage.

During this stage, it is understood that the final contractor/ contractors would have been chosen and works on site will start being mobilized. In this stage your inputs will be as follows:

Site execution

- 1) Presentations of all the Architectural designs, drawings and documents will be given to execution team and highlight the challenges while executing the job.
- 2) A suggestion given by execution team will be reviewed and if necessary, it will be incorporated in the drawings.
- 3) To do site visit prior to every floor slab casting. In case If slab casting programme is not there in a particular month, you will conduct average one visit per month or whenever necessary during construction stage to resolve related queries / issues raised by execution team.
- 4) To check at the site visit time works carried out by assigned contractors during the project period if required technical inputs shall be provided to the execution team for to achieve quality work.
- 5) Attending site meeting.
- 6) To call the site meeting if required and get the clarification if work is not carried out as per drawings.
- 7) To review comment and approve shop drawings, technical data submitted by contractor / vendors.

Revision in plans.

- 1) To revise drawings / specifications or any other modification due to client / site requirement.

As built drawing

- 1) As built drawings will be prepared when work is in progress and it will be submitted after completion of entire work.
- 2) Preparation of co-ordinate drawing.

Reporting system.

- 1) You will prepare site visit report at the time of site inspection and hard copy with signed by attendees will be submit to execution team immediately.

- 2) The above site visit report will be also mailed to all concerned project team members within 2 days.
- 3) The detail report along with the site photographs of the visit will be mailed to all concerned team members/Registrar/University Engineer after 7 days of site visit.

Stage – 7: Post Construction Stage.

During this stage, it is understood that work would have been completed. In this stage your inputs will be as follows:

- 1) Preparation of project close-out report.
- 2) Provide assistance in testing and commissioning of the facility.
- 3) Preparation of testing and commissioning report.
- 4) Collection and integration of various operations (O) and maintenance (M) manuals, (O and M) commissioning and test certificates.
- 5) Addressing any queries during defects liability period.
- 6) To guide maintenance contractor in order to ensure that MEP systems are properly maintained in future years.

Stage – 8: Project Closure Stage.

1. To issue completion certificate for all necessary purpose.
2. To carry out all necessary procedure to release security deposit and additional performance security deposit.

4. SCOPE OF EMPANELMENT:

The empanelment in DBATU will entitle the “Architect Consultant” to be considered for issue of tender documents subject to other conditions that may be stipulated in the Notice Inviting Tenders (NIT). It shall not confer any right on the architect Consultant either to be necessarily issued with the tender documents or for award of work. Limited tender would be invited for various works among the empanelled consultant defining scope of works and services required.

5. EMPANELMENT PROCEDURE:

- The architect has to submit the prescribed application, complete with all documents to DBATU.
- Incomplete applications and application without prescribed documents are liable to be rejected. DBATU will have the right to independently verify the details furnished by the architect and to get the works completed by the architect, inspected and / or obtain such other reports as maybe considered necessary. For this purpose DBATU may constitute necessary inspection team(s).
- DBATU reserves the right to limit the number of architects consultant to be empanelled in any class or category.

6. VALIDITY OF EMPANELMENT:

The empanelment will be valid for a period of three years from the date of empanelment. However, the empanelment may be revalidated, in accordance with the rules in this regard. Each revalidation shall be for a period of one year from the date of expiry of previous empanelment / revalidation. The empanelment shall be open for review by the DBATU and liable to termination, suspension, or any other such action at any time, if considered necessary, by the DBATU after issue of due notices to the architect consultants.

7. CHANGE IN CONSTITUTION OF FIRM:

The empanelled architect / firm shall not modify the existing partnership or enter into any fresh partnership without the prior approval of DBATU. Such proposal, if any shall be submitted in advance giving full details of the intended changes and drafts documents like partnership deed, articles of association etc. as applicable. Any change in the status of the architect without prior approval, will render the architect to be removed from the approved list of architects.

If a firm is converted into two or more firms by any action of its partners, the new firm(s) or any separated partner(s) in his / her / their individual / joint capacity shall have to apply for the empanelment afresh on the basis of work experience gained as a separate entity. The experience of the firm in which he / she / they were partners will not be considered.

If the number of original partners of a firm reduces to less than half due to any reason, the empanelment of the firm shall be withdrawn. Original partners means constituents at the time of empanelment and those who have remained as constituent(s) for more than 5 years.

8. CHANGE OF ADDRESS:

While Applying for empanelment the architect should mention address of his registered office as well as Head office, if different. All documents viz. Bankers certificate etc should bear one of the addresses; otherwise the same shall not be accepted. The architect shall intimate the change, if any, in any of the addresses mentioned in the original documents, in advance or within one month of such change along with acknowledgement of noting down of such change in address from the Bank, Income Tax authorities, Sales Tax authorities etc. Failure to do so may result in removal from the approved list of architects.

9. SUBMISSION OF TENDERS:

Empanelled architect shall take part in the tendering process of DBATU. Architects are liable to be removed from approved list if they do not secure works in DBATU / do not take part in tendering process. For this purpose the approved list shall be periodically reviewed with reference to the number of tenders received for the various works.

10. ARCHITECT'S OBLIGATIONS:

The "Architect Consultant" should fulfill all his obligations specified under these rules within the time and in the manner as specified. Some of the obligations are

- a) Prior approval shall be obtained before modifying the constitution of the firm/ company.
- b) Intimation regarding change of address should be given in advance or within one month along with documentary proof of bankers Certificate, Income Tax Department, States Tax Department and service tax etc.
- c) Architect should be registered with Council of Architecture, India during the period of empanelment / revalidation.
- d) Empanelled architect shall maintain good conduct while carrying out work and shall not indulge in unethical practices.
- e) The works awarded should be executed strictly as per terms and conditions of contract.
- f) Top priority should be accorded for timely submission of drawings, design calculation and

BOQ etc.

11. DISCIPLINARY ACTIONS:

The “Architect Consultant” shall have to abide by all the rules of empanelment and also by the terms and conditions of the contract and Notice Inviting Tenders. He shall have to execute the works as per contract on time and with good quality. DBATU shall have the right to suspend business with him for any period, debar or remove the name from the approved list of architects indefinitely or for a period as decided by DBATU after issue of a show cause notice. Decision of DBATU shall be final and binding on the architect Consultant.

12.SUSPENSION OF BUSINESS:

DBATU may suspend business with the architect Consultant for a period, decided by it, pending full enquiry in to the allegations, if DBATU is, prima facie of the view that the architect is guilty of an offence in relation to business dealings, which when established would result in his removal / banning business and it is not considered desirable to entrust new works or continue business with the Architect Consultant. DBATU may also suspend business with an empanelled architect for a period decided by it, if the architect fails to start a work awarded to the agency.

13.REMOVAL FROM APPROVED LIST:

The name of the “Architect Consultant” may be removed from the approved list of architects by DBATU, if the architect

- 1)Has more than one occasion, failed to execute a contract or has executed it unsatisfactorily; or
- 2) Is proved to be responsible for design calculation mistake in two or more works; or
- 3)Persistently violates any important conditions of contract; or
- 4) Fails to abide by the conditions of empanelment; or
- 5) Is found to have given false particulars at the time of empanelment; or
- 6)Has indulged in any type of forgery or falsification of records; or
- 7) Changes the constitution of the firm or individual without prior approval of DBATU; or
- 8) Changes permanent address / business address without intimation to DBATU; or
- 9)Is declared or is in the process of being declared as bankrupt, insolvent, wound up, dissolved or partitioned; or
- 10) Is involved in complaints of serious nature received from other departments which prima facie appear to be true; or
- 11) Default in settlement of tax dues like income tax, contract tax, sales tax, octroi, duties etc; or
- 12) Has already been demoted for other reasons; or
- 13) Is considered not required to be in the approved list for any other reason considered by DBATU.
