

YEARLY STATUS REPORT - 2020-2021

Part A

Data of the Institution

1.Name of the Institution

Dr. Babasaheb Ambedkar
Technological University, Lonere

- Name of the Head of the institution Prof. V. R. Sastry
- Designation Vice-Chancellor
- Does the institution function from its own campus? Yes
- Phone no./Alternate phone no. 02140275101
- Mobile no 9545949200
- Registered e-mail vc@dbatu.ac.in
- Alternate e-mail address registrar@dbatu.ac.in
- City/Town Lonere Raigad
- State/UT Maharashtra
- Pin Code 402103

2.Institutional status

- University State
- Type of Institution Co-education
- Location Rural

- Name of the IQAC Co-ordinator/Director **Dr. S. L. Nalbalwar**
- Phone no./Alternate phone no **02140275142**
- Mobile **9423178000**
- IQAC e-mail address **slnalbalwar@dbatu.ac.in**
- Alternate Email address **deanfoet@dbatu.ac.in**

3. Website address (Web link of the AQAR (Previous Academic Year))

<https://dbatu.ac.in/internalqualityassurancecell/>

4. Whether Academic Calendar prepared during the year?

Yes

- if yes, whether it is uploaded in the Institutional website Web link:

[yes](#)

5. Accreditation Details

Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
Cycle 1	B	2.35	2015	03/03/2015	02/03/2020

6. Date of Establishment of IQAC

21/10/2011

7. Provide the list of Special Status conferred by Central/ State Government-UGC/CSIR/DST/DBT/ICMR/TEQIP/World Bank/CPE of UGC etc.

Institution/ Department/Faculty	Scheme	Funding agency	Year of award with duration	Amount
Nil	Nil	Nil	Nil	Nil

8. Whether composition of IQAC as per latest NAAC guidelines

Yes

- Upload latest notification of formation of IQAC

[View File](#)

9. No. of IQAC meetings held during the year

1

- The minutes of IQAC meeting and compliance to the decisions have been uploaded on the institutional website. (Please upload, minutes of meetings and action taken report)

Yes

- (Please upload, minutes of meetings and action taken report) No File Uploaded

10. Whether IQAC received funding from any of the funding agency to support its activities during the year? No

- If yes, mention the amount

11. Significant contributions made by IQAC during the current year (maximum five bullets)

Implementation of Swayam/NPTEL online courses in the University for the benefit of students, IT integration in the conduct of examination and its processing, 19 candidates completed Ph.D., a significant amount of revenue generated from consultancy and corporate training during the year (INR in lakhs): Rs.42,40,754/-, 35 extension and outreach programs conducted by the institution like NSS/NCC/Red cross/YRC during the year.

12. Plan of action chalked out by the IQAC in the beginning of the Academic year towards Quality Enhancement and the outcome achieved by the end of the Academic year

Plan of Action	Achievements/Outcomes
Implementation of Swayam/NPTEL online courses in the University for the benefit of students,	Extensive use of online tools for teaching during pandemic period
Use ICT enabled tools including online resources by the teachers for effective teaching and learning processes during the year	Due to COVID-19 restrictions teachers used extensively the online platforms like Google Meet, Zoom, and WebEx for delivering lectures
IT integration and reforms in the examination procedures and processes	Continuous assessment and Online mode of examinations (mid-sem and end-sem exams). The IT integrations have modernized the entire examination process
Innovations like incubation center for transfer of knowledge	Developing and nurturing the culture of creation of entrepreneurs
Workshops/seminars on Research methodology, Intellectual Property Rights, entrepreneurship, skill development	Conducted 19 workshops/Seminars

13. Whether the AQAR was placed before statutory body? **Yes**

- Name of the statutory body

Name	Date of meeting(s)
Executive Council	24/03/2022

14. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to Assess the functioning? **No**

15. Whether institutional data submitted to AISHE

3.Academic	
3.1 Number of courses in all Programmes during the year	960
3.2 Number of full time teachers during the year	118
3.3 Number of sanctioned posts during the year	95
4.Institution	
4.1 Number of eligible applications received for admissions to all the	428

Programmes during the year	
4.2 Number of seats earmarked for reserved category as per GOI/ State Govt. rule during the year	231
4.3 Total number of classrooms and seminar halls	30
4.4 Total number of computers in the campus for academic purpose	406
4.5 Total expenditure excluding salary during the year (INR in lakhs)	654

Part B

CURRICULAR ASPECTS

1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which is reflected in Programme outcomes (POs), Programme Specific Outcomes(PSOs) and Course Outcomes(COs) of the Programmes offered by the University

The University follows a systematic process in designing and developing the curriculum. The approving authorities for the University are Board of Studies (BoS), Academic Council (AC) and Executive Council (EC). The programmes are structured to provide a solid basis in Engineering and Technology, Humanities, and Sciences. The courses are designed to improve human dignity, skills, employability and competency building, creativity/innovation and open thinking, cultural diversity, gender equality, respect for nature and environmental consciousness, democratic, participatory and ethical approach and team building through improved interpersonal communication. Several new courses are in place based on the feedback of students, alumni, employers and experts from academia and industry. The latest courses on AI, Machine Learning, Data Science and IoT are offered by Departments of Computer Engineering, Information Technology and Electronics and Telecommunication Engineering. The Department of Mechanical Engineering has designed a course on Fundamentals of Automobile Design with the help of Tata Technologies, Pune to improve the employability. The CBCS and OBE with good number of electives as well as POs/PSOs/COs designed

for all programs and are published on the web site as well as placed in the respective department and the awareness has been created among the students.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

The University is fully aware of the fact that for holistic development of students, it is necessary to give enough attention to extra- and co-curricular activities along with sound curriculum. Courses such as self-study seminar, technical project on community services (group project) and final year project (group project), industrial training and internship and industrial visits promote self- and participatory learning. In addition, assignment, quizzes, course seminars also promote self- and participatory learning. In addition to the above, the curriculum also consists of courses like Universal Human Rights, Environmental Engineering etc. to enrich the students learning and experience.

In addition, some branches have Students' Chapters of some professional associations, e.g., ISHRAE, SAE-India Club, etc. These chapters conduct various activities throughout the year. These activities also promote all-round development of the students. Thus, through the above activities, the students develop traits such as learning on one's own, learning from others, learning to learn which are essential attributes for life-long learning.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organises special Programmes for advanced learners and slow learners

- Our university believes in outcome-based learning processes. Advanced learners and slow learners are categorized by their responses in class room and performance in the examinations.
- The institution organizes Orientation/Induction programme for freshers at institute level and departmental level. The facilities in the college and the scope of the subjects being learnt are introduced in these sessions.
- Advanced learners are encouraged to refer latest versions of reference books and journal papers for their advanced studies. They are given opportunities to be part of innovative projects and other technical initiatives of the institute. They are encouraged to participate in Hackathons, Paper Presentations, Project Competitions and Summer Projects and Internships. They also helps slow learners through peer learning. Gold Medals are awarded to the

toppers in the University Convocation. Training and Placement Cell invites Companies to hold their placement drive at the University.

Slow learners are provided Remedial Classes to improve their academic performance which helps them to improve subject knowledge catch up into their peers. Group Study System is also encouraged with the help of the advanced learners. Personal counselling is also given to them by the tutor, mentor. Lecture notes/course materials are provided to the slow learners.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences

- The University practices a teaching methodology which focuses on imparting education through a student centric approach. This methodology helps to transform students from being relegated to the role of passive recipients to active and involved stake holders, apart from boosting their confidence and encouraging independence.
- Interactive Methods: One of the important aspects of teaching learning process to inclusiveness of the students in all respect while teaching learning to make it more interactive and effective. While teaching the subject in ONLINE mode care was taken to make the students attentive by including the practical and real life examples. After each assessment tests, the model solutions were discussed through

chat box.

- **Student Seminars:** The Student seminars are organized and papers are presented by students to enrich their learning experience.
- **Internship:** Internship aims at enabling the students to get a practical exposure to the working of the industry by providing an opportunity to supplement their classroom learning with practical experience
- **Project method and Problem-solving Methodology:** B-Tech Project (BTP), three or four students are asked to work in a group to solve a particular problem. Students have to discuss given problem to find out the solution.

2.3.2 - Teachers use ICT enabled tools including online resources for effective teaching and learning processes during the year

- The teachers use various educational technologies to support classroom teaching. In the year 2020-21 due to COVID-19 restrictions teachers used online technology like Google Meet, Zoom, and WebEx for delivering lectures. The college has subscribed the ZOOM, WebEx application .For small classrooms the teachers used Google Meet or WebEx platforms. To supplement and promote the continuous internal evaluation the various department used Google forms to conduct online quiz. Google Classrooms are used by the department to share the PPTs, videos, web links and online quizzes in Google form.
- The handouts/notes were prepared in advance and teaching was done using the scanned notes. However, Digital Slate, chat box was used during explanation. Before the class, the link was shared to the students. Standard links such as NPTEL/SWAYM were also shared to the students for self learning and open discussion was arranged to make the online learning more inclusive and live.
- The online resources like NPTEL are extensively used for enhancing the teaching-learning process. To explain a particular concept, YouTube videos are used. virtual labs experiments are used to conduct the practical.
- Overall, the ICT enabled online resources are very much useful for enhancing the teaching -learning process.

2.5.3 - IT integration and reforms in the examination procedures and processes (continuous internal assessment and end-semester assessment) have brought in considerable improvement in examination management system of the institution

Dr. Babasaheb Ambedkar Technological University is a completely ICT enabled University and everything related to the examination system are run through ICT. The IT integrations have modernized the entire examination process and have speeded up the functioning mechanism, while making the whole process more transparent.

- The university has revised the academic curriculum for all the programs to introduce following examination reforms.
- Introduction of Continuous Assessment: This reform has empowered teachers to adopt course specific assessment methods. Teachers have started adopting different assessment methods beyond written examinations. These include presentations, mini-projects, course seminars and surprise tests or online quizzes.
- Introduction of Mid Semester Examination: A comprehensive mid-semester examination is conducted based on 50% syllabus covered during the semester.
- Online Mode of examination: Most of the internal assessment is being carried out through online quizzes and presentation

The introduction of these reforms has resulted in better student engagement and student progression from year to year. This also resulted in reduced importance to the end semester examination and undue stress caused by the end semester examination.

2.6 - Student Performance and Learning Outcomes

2.6.1 - The institution has stated learning outcomes (generic and programme specific)/graduate attributes which are integrated into the assessment process and widely publicized through the website and other documents

Our University has implemented Outcome Based Education for all the courses under its purview. The care has been taken to create wide awareness about the Learning Outcomes and the Graduate Attributes among all our stake-holders. The students are made aware about this during the Induction Program right at the beginning of their course. Additionally the Learning Outcomes and the Graduate

Attributes are the standard parts of the curricula documents. The COs are also well documented in the curricula at the beginning of each Subject/Lab along with the correlation matrix with the Program Outcomes. Every teacher at the beginning of the subject/topic informs the students about COs/POs related to the Subject, Lab Activity.

The University has adopted Continuous Assessment System since long. This gives liberty to the teachers to ensure achievement of COs through various methods of assessment such as quizzes, mini projects, seminars presentations, case studies, group discussions or any other innovative methods of evaluation.

The End Semester paper setters and evaluators are informed well in advance about the Outcome Based Evaluation system for evaluation and also advised to set the question papers, Assignments, Lab Activities by specifying expected COs and the levels of Bloom's Taxonomy.

2.6.2 - Attainment of Programme outcomes, Programme specific outcomes and course outcomes are evaluated by the institution during the year

During this Academic year, due to the COVID pandemic as the students were off the campus, it was really difficult to evaluate the COs and POs. However, this difficulty was converted into challenge by the innovative teaching and evaluation methods used by the Faculty members at the University. Depending on the nature and contents of the theory and lab courses, the assignments, quizzes, and activities were planned by the faculty members so as to ensure that the students are capable of attaining the COs and POs thereon. The attainment of POs, PSOs, and COs are evaluated through continuous evaluation and End Semester Examination. There are two continuous evaluations namely CA1 and CA2 of each 10 marks. One mid-term examination of 20 marks. There is an end semester examination of 60 marks to assess the overall understanding of the subject. This examination is done in an online mode. Care has been taken so that the questions are well spread over the whole syllabus and the COs and POs are fulfilled.

To attain the subject specific POs, PSOs, and COs, many practical oriented questions are asked during teaching, given assignments and online quizzes etc.

3.3 - Innovation Ecosystem

3.3.1 - Institution has created an eco-system for innovations including Incubation centre and other initiatives for creation and transfer of knowledge

The DBATU FORUM OF INNOVATION INCUBATION AND ENTERPRISE Incorporated as Section 8 company on 4th November 2019 the Corporate Identity Number of the company is (CIN No- U85300MH2019NPL332513). It will provide an ecosystem to enterprising students and immediate alumni of the University, its affiliated colleges and other emerging technology based businesses that would support their start-up phase and increase their likelihood of success. It will provide working space, flexible lease, common office and laboratory facilities, business guidance, mentoring, and other technical resources in network mode at the Main Centre of the University.

The Incubation Centre is able to host approximately six to ten clients at a time in a proposed 5,000 square feet facility that would include a mix of office and lab space & necessary infrastructure for prototype building & legal support. The facility is owned by the University and State of Maharashtra. The grant of Rs. 5 Cr is sanctioned by GoM for the duration of 5 Years, out of which first tranche/installment of Rs. 25 Lakh is received by the company. Looking into performance of 2020-21 second installment of Rs. 50 lakh against sanctioned amount will be released soon.

The presence of Centre on the University campus, as Startup Ecosystem, is motivating the young engineers to become job provider rather than job seeker. This culture of creation of entrepreneurs is being propagated to colleges affiliated to the University.

3.5 - Consultancy

3.5.1 - Institution has a policy on consultancy including revenue sharing between the institution and the individual and encourages its faculty to undertake consultancy

Consultancy is well recognized as an effective way for universities to disseminate knowledge and make an early and direct impact on society. However, the balance between consultancy and the traditional roles of the academic staff needs to be managed and the interests of the University must be protected. This Policy provides provisions for conducting consultancy to ensure that consultancies undertaken by staff are consistent with the University's strategic and operational objectives and the costs are sustainable. All Research and Non-research consultancies as described in this Policy are governed by the following guiding principles: (a) There should be a demonstrable benefit to the University from the consultancy through income, enhanced reputation, and/or expansion the expertise of the staff member. (b) The Consultancy must not be in conflict with University policies including that governing employment; such as the Code of Conduct Policy. (c) The Consultancy must not be in conflict with the functions, objectives or interests of the University or damage the University's reputation. (d) At a minimum, the salary and on-cost charges set by the University must be applied to all project budgets. All Consultancies are required to include overheads

3.6 - Extension Activities

3.6.1 - Extension activities in the neighbourhood community in terms of impact and sensitising students to social issues and holistic development during the year

The University has made noteworthy contribution to the society and environment through the active participation of NSS volunteers in the activities organized at neighborhood villages. Major Emphasis was given on holistic development of students. Villages were facing issues of uncleanliness, unhygienic and important issue of open defecation. Lack of awareness is noted among the villagers on issues such as health, education, government schemes etc. Techno-social survey was carried out in the nearby villages. The university organized cleanliness drive, tree plantation and awareness drives in the nearby villages on social issues such as gender equality, save girl child, drug addiction, eradicating superstitions, farmers suicides etc. Further, NSS students created awareness about the various government schemes through 'Yuwa Mahiti Doot App' prepared by Government of Maharashtra.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The institution has adequate facilities for teaching - learning, viz., classrooms, laboratories, computing equipment, etc.

The university has state-of-the-art infrastructure that facilitates effective teaching and learning for all programs

1. The university has total of 21 classrooms, 49 laboratories, nine seminar halls, and one computer center for all the departments. One studio common to all departments and departmental library wherever feasible.
2. In 2020-21, the university has created an Incubation center for guiding students for their startups and developing themselves as entrepreneurs. Various facilities include corridor wi-fi, digital TV displays, and CCTV.

Seminar Halls:

Few departments have their own seminar halls well equipped with ICT facilities

Facilities for the Teachers:

1. Faculty members are provided desktop PCs, and printer facility for most of the faculty members
2. The university promotes to use free and open source software (FOSS).

Modern Classrooms:

Almost all the classrooms are equipped with an internet facility, few classrooms are wifi enabled with Projector, and audio system.

Well-Equipped Laboratories:

1. All laboratories are fully ventilated, LAN and few are Wi-Fi enabled, well furnished with the necessary and latest equipment and machinery with more than adequate number and space for free circulation.
2. Computer laboratories including computer center are equipped with latest configuration branded PCs and also few required licensed software.

File Description	Documents

4.1.2 - The institution has adequate facilities for cultural activities, yoga, games (indoor, outdoor) and sports. (gymnasium, yoga centre, auditorium, etc.)

Following facilities are in place in the university. Students' activities are promoted through the Sport Department and Cultural Committee.

Playground which is suitable for following outdoor game playing:

1. Kabaddi
2. Kho-Kho
3. Volleyball Court
4. Cricket
5. Football
6. Handball
7. Basketball
8. Athletic

The university also has adequate facilities for the following indoor sports:

1. Table tennis
2. Badminton
3. Chess
4. Carrom

The university has a cultural activity cell in place and it plays an active role in promoting various activities within the university department. However, due to the pandemic situation of COVID-19 in 2020-21, these activities could not be conducted as students were not on the campus.

Yoga

The university conducts Yoga activities under the aegis of NCC unit. . In spite of pandemic situations, in the year 2020-21, the University NCC unit successfully organized an online program. Although it was an online program there was no lack of enthusiasm among the cadets.

The university hostels are having very good facilities for the gymnasium. However, due to lockdown, hostels were closed so no activities were conducted in the year 2020-21.

Auditorium

The university has a state-of-the-art auditorium with 10383 sq.ft. area whose development is in its last stage.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

1. Following process is carried out for physical maintenance. This tender process is mainly divided into two parts,

1. Offline / A1- Tenders

These tenders are useful for carrying out minor maintenance works costing up to Rs.8lakhs. It is advertised on university website.

1. Online / E- Tenders

These tenders are useful for major maintenance/ new works (up to 25 Lakhs) costing more than 10 lakhs. They are given wide publicity in local and state level newspaper.

1. E-tenders

These tenders are useful for major maintenance work/new major work costing upto Rs. 25 Lakhs. They are given wide publicity at local daily and state daily.

In addition to these two, work costing more than Rs. 25 lakhs are carried out with the help of PWD.

1. LABORATORY: Departments regularly maintains the laboratory equipments by checking the working status of instruments. Maintenance is carried out by the laboratory assistants. Lab Technicians are maintaining dead stock, consumables, semi consumable materials, log book.
2. ACADEMIC AND SUPPORT FACILITIES: Department organizes workshops, guest lectures, seminars for development of students. The departmental project and seminar coordinators

are maintaining all projects and seminar records. Department office maintains all academic documents such as master, individual teacher's, class room, laboratory time tables, monthly review of number of lectures and practical conducted by teachers, a copy of unit test examination time table, student's feedback reports.

5.3.2 - Presence of Student Council and its activities for institutional development and student welfare

Students have representation on academic and administrative bodies and committees of the University. University also constituted various Clubs and Board of Students Development and extensional activities.

1. **Class Committees:** All programmes have class committees for each course that comprise of student members representing meritorious as well as weak students, along with faculty members nominated by the Head of the Department, other than the course teacher. The Class Committees provide feedback on all aspects of the programme and respective course. Class Committee Meetings are held regularly, at least twice in

each semester.

2. **Cultural and Sports Committees:** Students have strong representations in all cultural and sports and games committees. However, activities were hampered by Covid-19 Pandemic.
3. **Organization of Special Events:** Students online organized, and celebrated the National Teachers Day, on Sept. 5, and other National celebrations that include, Independence Day, Republic Day, Engineers Day, Induction Program, Skill Development Program, National yoga Day

However due to Covid-19 pandemic students welfare activities could not organised.

5.4 - Alumni Engagement

5.4.1 - The Alumni Association/Chapters (registered and functional) contributes significantly to the development of the institution through financial and other support services during the year

The Dr BATU Alumni Association (DBAA) was inaugurated on 26th Jan 2021 and formally completed registration with the Charity Commissioner Alibag on 3rd June 2021(DBATU/REG/Recognition DBAA/2020-21 date 08/01/2021). Over the past year, the DBAA initiated several activities for faculty, current students and alumni. Student activities included provision of internships (around 200), placement assistance (around 20), webinars (around 23 - both subject specific and related to career development) which have helped to establish a strong engagement with students. To further help with internships, DBAA also facilitated a MoU between DBATU and Internshala. For faculty, DBAA is contributing through Alumni Advisors to Departments (to advice on curriculum

development, lab development and jobs). For alumni, student and staff members of the DBAA, a website was launched on 23rd Oct 2021 – which acts as the central hub for all alumni activities. Most recently, DBAA is actively pursuing establishment of a Raspberry Pi Lab at DBATU. DBAA has also initiated infrastructure contributions via engagement through tenders for solar grid proposed at DBATU and contributing to discussions concerning Fibre Optic line for enhanced connectivity. DBAA is now working towards establishment of scholarships, support for student digital connectivity and strengthening entrepreneurship activities at DBATU.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The institution has a clearly stated vision and mission which are reflected in its academic and administrative governance

Vision: The University is committed to becoming a leading “Center of Excellence” in the field of Engineering, Technology and Science as a seat of learning with a national character and international outlook. **Mission:** The University is committed to provide quality technical education, research and development services to meet the needs of industry, business, service sector and the society at large.

The Faculty, Students and Staff are committed to the mission of the University of providing quality technical education and to become a ‘Centre of Excellence’ in Education.

The University has adopted a number of new initiatives and practices through ingenious leadership and effective governance.

The university has prepared an elaborate 'Strategic Plan' which gives a detailed roadmap for the long-term development and growth of the university as envisaged in the University Act.

The University believes that 'good governance'. In view of this, the university has made several reforms gradually in governance practices. The university has well-structured governing mechanisms as provided in the University Act No. XXIX of 2014. The governance and administration of the university are carried out through various committees such as Executive Council, Academic Council, etc.

File Description	Documents
Upload relevant supporting document	View File

6.1.2 - The effective leadership is reflected in various institutional practices such as decentralization and participative management

The institution promotes the culture of participative management at the strategic level, functional level and operational level. At a strategic level the Governing body, Teachers and the IQAC are involved in defining policies procedures, framing guidelines and rules regulations pertaining to admission, examination, code of conduct-discipline, grievance, support services, finance etc. In functional level faculty members share knowledge among themselves, students and staff members while working for a committee. Faculty members are involved in joint research and have published papers.

Students and department staff join hands with the HoDs and faculty for the execution of different academic, administrative, extension related, co- and extracurricular activities. Startup, innovation and incubation center is going to be a good example of participative Management.

Similarly, Placement process in the University is driven by the participation of members from Career Development Center (CDC), Faculty and Student Committee on placements.

Moreover, Faculty members of various departments have been given additional responsibilities related to various aspects of the university like Student section, Admission, Examination, Research and development, centralized procurement(CPC), IQAC, Alumni association and Board of studies.

File Description	Documents
Upload relevant supporting document	View File

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic plan is effectively deployed

Dr. Babasaheb Ambedkar Technological University, with its headquarters situated at Lonere, is now a statutory State Technical University established by Government of Maharashtra through special Dr. Babasaheb Ambedkar Technological University Act. The university has been accorded the status of an 'affiliating' university of the entire State of Maharashtra from March 2, 2016, by the Maharashtra Act No. XXIX of 2014.

The Strategic Plan document collates and confers the goals, strategies and performance indicators of the center, every department and affiliating institutes. This information is converted into operating details for each of the functional divisions in terms of priorities, alignment of resources, implementation plan, reporting system and measurement of progress. The strategic plan has been prepared after detailed consultation with various committee members and authorities as well as by taking consideration of feedback from alumni and industry persons so that it will reflect the expectations and roadmap for scaling new heights of excellence. The strategic plan is effectively deployed in various sectors. One example of successfully implemented activity based on a strategic plan is the formation of a startup, innovation and incubation center to encourage and support establishment and growth of technology-based start-ups which can enable students and faculty to innovate and prototype their potential ideas with industrial standards and support from Government, industry and reputed academic institutions around the world.

File Description	Documents
Upload relevant supporting document	View File

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The University shall have a decentralized administrative structure of Main center, four Regional Centers at Mumbai, Pune, Aurangabad and Nagpur along with five sub regional centers at Amaravati, Jalgaon, Kolhapur, Nanded, and Solapur. Other Centers may be added over time as needed. The Main Centre shall have four Directors- Academics, Administration, ICT and Research and Development supported by Joint Directors, Registrar, Deans, and Chief Finance Officer in respective areas. The Centres shall look after the functions such as Examination, Research & Development and Industry relations, Training, Student Grievances, etc. The University and Centres shall work through the eGovernance system and MIS with robust State-of-the-Art ICT infrastructure. Apart from the Director's office, Dean's Office and Registrar's office, there is Executive council, academic council, board of examination, board of studies and IQAC which decides the policies, procedure and rules in the respective areas keeping the view of National education policies, government regulations, existing priorities and local needs. Regular feedback obtained from the alumni, students, parents and faculty along with suggestions of NAAC peer team form the major inputs for the planning. These inputs are discussed and analyzed by the executive and academic Council, the registrar, IQAC, and CDC. Finance department, planning and procurement section, Heads of Departments, committee / cell in-charges and office staff, monitor and work together for the effective implementation of these policies. The organizational structure of the University facilitates its smooth functioning.

6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has a performance appraisal system, promotional avenues and effective welfare measures for teaching and non-teaching staff

Teaching faculty is assessed by means of the Self Appraisal Report submitted at the end of every academic cycle. The objective of the SAR is to highlight faculty member's role and performance for the past year and it also summarizes the expectations from the faculty for future development. The reporting authority reviews the nature & quality of work faculty performed annually based on the parameters such as knowledge, analytical ability, initiative taken, ability to inspire and motivate, supervise, interpersonal relations, and teamwork. Student Feedback is also considered for the evaluation of faculty in the confidential report. The CR plays the most important role along with the training and publication of faculty for promotion under CAS. The IQAC also reviews Administrative and Academic progress so as to review the performance of all the departments and office administration. The university has well defined welfare measures for teaching and non teaching staff such as,

1. Casual or Earned Leave are readily sanctioned to the staff for personal work, medical reason, attending Refresher Course/Orientation Program/seminars etc, maternity leave for female staff
2. Summer and winter Vacation
3. Financial support for teaching faculties to attend conferences, workshops, etc, Festival advance to non teaching staff
4. wifi/internet, canteen, washrooms, CCTV & security staff
5. A well organized cooperative credit society for staff
6. Health care center
7. Women's grievance committee

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

The University ensures optimum utilization of funds through various measures such as organizing various academic activities

for faculty and staff members, controlling administrative expenses, sharing common facilities among the Departments and Centers. Faculty members are encouraged to apply for projects from Government agencies to carry out their research in the campus. As per the strategy of the University, the activities that need recurring funds and the others that require immediate funding are identified and grouped separately. Innovative strategies are employed for identifying and mobilizing funds. Faculty members are encouraged to apply for funded research, projects and consultancies. resources are mobilized by encouraging joint programs, research, faculty development programs etc between university departments and the affiliated institutions.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes by constantly reviewing the teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals

Every academic year IQAC visits the department for internal audit and discusses quality assurance strategies and best practices for the department. Every year, the first year student's induction program is conducted under the quality assurance strategy in which the information regarding department, laboratories, examination system, library, other departments etc along with universal human values. Due to covid 19 pandemic, the induction program is conducted online for the last two years.

Many online workshops and FDP were conducted for improving quality of teaching learning process, structure and methodology of operation and learning outcomes such as 'Orientation Session on National Education Policy (with a focus on Innovation and entrepreneurship.', 'Session on Accelerators/Incubation - Opportunities for the Students & Faculties - Early Stage Entrepreneurs' , 'Orientation Session on National Innovation and Startup Policy (NISP)' etc

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

In year 2020-2021 Institute have conducted following events for gender equality

1. Savitribai Phule Jayanti is celebrated on 3rd January 2021 to aware students about contribution of Savitribai Phule in women's education. Savitribai Phule Jayanti is the annual commemoration of the birth anniversary of the Indian social reformer who played a crucial role in shaping India's education system, with a special focus on educating the girl child.

2. Women's day was celebrated on 8th March 2021 to express gratitude about women's contribution in the society. A day that commemorates the social, political and economic achievements of women. Women in different parts of the world use this day to come together to celebrate one another and rally for equal treatment and representation

3. Tech-Saksham is a program that aims to equip women with technical skills and encourage them towards technology careers. The program particularly focuses on women because India has one of the youngest workforces in the world but with a large skill gap with regards to the jobs of the future and an even higher gender disparity when it comes to STEM careers. Partners & Programs are

1. Microsoft
2. SAP
3. Edunet Foundation

The Motive behind the program was Build Skills of the Future Engage in a cultural relook, Established college to industry linkages , Build capacity of the support system, Project-based learning with local context.

CURRICULAR ASPECTS

1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which is reflected in Programme outcomes (POs), Programme Specific Outcomes(PSOs) and Course Outcomes(COs) of the Programmes offered by the University

The University follows a systematic process in designing and developing the curriculum. The approving authorities for the University are Board of Studies (Bos), Academic Council (AC) and Executive Council (EC). The programmes are structured to provide a solid basis in Engineering and Technology, Humanities, and Sciences. The courses are designed to improve human dignity, skills, employability and competency building, creativity/innovation and open thinking, cultural diversity, gender equality, respect for nature and environmental consciousness, democratic, participatory and ethical approach and team building through improved interpersonal communication. Several new courses are in place based on the feedback of students, alumni, employers and experts from academia and industry. The latest courses on AI, Machine Learning, Data Science and IoT are offered by Departments of Computer Engineering, Information Technology and Electronics and Telecommunication Engineering. The Department of Mechanical Engineering has designed a course on Fundamentals of Automobile Design with the help of Tata Technologies, Pune to improve the employability. The CBCS and OBE with good number of electives as well as POs/PSOs/COs designed for all programs and are published on the web site as well as placed in the respective department and the awareness has been created among the students.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

The University is fully aware of the fact that for holistic development of students, it is necessary to give enough attention to extra- and co-curricular activities along with sound curriculum. Courses such as self-study seminar, technical project on community services (group project) and final year project (group project), industrial training and internship and industrial visits promote self- and participatory learning. In addition, assignment, quizzes, course seminars also promote self- and participatory learning. In addition to the above, the curriculum also consists of courses like Universal Human Rights, Environmental Engineering etc. to enrich the students learning and experience.

In addition, some branches have Students' Chapters of some professional associations, e.g., ISHRAE, SAE-India Club, etc. These chapters conduct various activities throughout the year. These activities also promote all-round development of the students. Thus, through the above activities, the students develop traits such as learning on one's own, learning from others, learning to learn which are essential attributes for life-long learning.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organises special Programmes for advanced learners and slow learners

- Our university believes in outcome-based learning processes. Advanced learners and slow learners are categorized by their responses in class room and performance in the examinations.
- The institution organizes Orientation/Induction programme for freshers at institute level and departmental level. The facilities in the college and the scope of the subjects being learnt are introduced in these sessions.
- Advanced learners are encouraged to refer latest versions of reference books and journal papers for their advanced studies. They are given opportunities to be part of innovative projects and other technical initiatives of the institute. They are encouraged to participate in Hackathons, Paper Presentations, Project Competitions and Summer Projects and Internships. They also helps slow learners through peer learning. Gold Medals are awarded to the toppers in the University Convocation. Training and Placement Cell invites Companies to hold their placement drive at the University.

Slow learners are provided Remedial Classes to improve their academic performance which helps them to improve subject

knowledge catch up into their peers. Group Study System is also encouraged with the help of the advanced learners. Personal counselling is also given to them by the tutor, mentor. Lecture notes/course materials are provided to the slow learners.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences

- The University practices a teaching methodology which focuses on imparting education through a student centric approach. This methodology helps to transform students from being relegated to the role of passive recipients to active and involved stake holders, apart from boosting their confidence and encouraging independence.
- Interactive Methods: One of the important aspects of teaching learning process to inclusiveness of the students in all respect while teaching learning to make it more interactive and effective. While teaching the subject in ONLINE mode care was taken to make the students attentive by including the practical and real life examples. After each assessment tests, the model solutions were discussed through chat box.
- Student Seminars: The Student seminars are organized and papers are presented by students to enrich their learning experience.
- Internship: Internship aims at enabling the students to

get a practical exposure to the working of the industry by providing an opportunity to supplement their classroom learning with practical experience

- Project method and Problem-solving Methodology: B-Tech Project (BTP), three or four students are asked to work in a group to solve a particular problem. Students have to discuss given problem to find out the solution.

2.3.2 - Teachers use ICT enabled tools including online resources for effective teaching and learning processes during the year

- The teachers use various educational technologies to support classroom teaching. In the year 2020-21 due to COVID-19 restrictions teachers used online technology like Google Meet, Zoom, and WebEx for delivering lectures. The college has subscribed the ZOOM, WebEx application .For small classrooms the teachers used Google Meet or WebEx platforms. To supplement and promote the continuous internal evaluation the various department used Google forms to conduct online quiz. Google Classrooms are used by the department to share the PPTs, videos, web links and online quizzes in Google form.
- The handouts/notes were prepared in advance and teaching was done using the scanned notes. However, Digital Slate, chat box was used during explanation. Before the class, the link was shared to the students. Standard links such as NPTEL/SWAYM were also shared to the students for self learning and open discussion was arranged to make the online learning more inclusive and live.
- The online resources like NPTEL are extensively used for enhancing the teaching-learning process. To explain a particular concept, YouTube videos are used. virtual labs experiments are used to conduct the practical.
- Overall, the ICT enabled online resources are very much useful for enhancing the teaching -learning process.

2.5.3 - IT integration and reforms in the examination procedures and processes (continuous internal assessment and end-semester assessment) have brought in considerable improvement in examination management system of the institution

Dr. Babasaheb Ambedkar Technological University is a completely ICT enabled University and everything related to the examination system are run through ICT. The IT integrations have modernized the entire examination process and have speeded up the functioning mechanism, while making the whole process more transparent.

- The university has revised the academic curriculum for all the programs to introduce following examination

reforms.

- **Introduction of Continuous Assessment:** This reform has empowered teachers to adopt course specific assessment methods. Teachers have started adopting different assessment methods beyond written examinations. These include presentations, mini-projects, course seminars and surprise tests or online quizzes.
- **Introduction of Mid Semester Examination:** A comprehensive mid-semester examination is conducted based on 50% syllabus covered during the semester.
- **Online Mode of examination:** Most of the internal assessment is being carried out through online quizzes and presentation

The introduction of these reforms has resulted in better student engagement and student progression from year to year. This also resulted in reduced importance to the end semester examination and undue stress caused by the end semester examination.

2.6 - Student Performance and Learning Outcomes

2.6.1 - The institution has stated learning outcomes (generic and programme specific)/graduate attributes which are integrated into the assessment process and widely publicized through the website and other documents

Our University has implemented Outcome Based Education for all the courses under its purview. The care has been taken to create wide awareness about the Learning Outcomes and the Graduate Attributes among all our stake-holders. The students are made aware about this during the Induction Program right at

the beginning of their course. Additionally the Learning Outcomes and the Graduate Attributes are the standard parts of the curricula documents. The COs are also well documented in the curricula at the beginning of each Subject/Lab along with the correlation matrix with the Program Outcomes. Every teacher at the beginning of the subject/topic informs the students about COs/POs related to the Subject, Lab Activity.

The University has adopted Continuous Assessment System since long. This gives liberty to the teachers to ensure achievement of COs through various methods of assessment such as quizzes, mini projects, seminars presentations, case studies, group discussions or any other innovative methods of evaluation.

The End Semester paper setters and evaluators are informed well in advance about the Outcome Based Evaluation system for evaluation and also advised to set the question papers, Assignments, Lab Activities by specifying expected COs and the levels of Bloom's Taxonomy.

2.6.2 - Attainment of Programme outcomes, Programme specific outcomes and course outcomes are evaluated by the institution during the year

During this Academic year, due to the COVID pandemic as the students were off the campus, it was really difficult to evaluate the COs and POs. However, this difficulty was converted into challenge by the innovative teaching and evaluation methods used by the Faculty members at the University. Depending on the nature and contents of the theory and lab courses, the assignments, quizzes, and activities were planned by the faculty members so as to ensure that the students are capable of attaining the COs and POs thereon. The attainment of POs, PSOs, and COs are evaluated through continuous evaluation and End Semester Examination. There are two continuous evaluations namely CA1 and CA2 of each 10 marks. One mid-term examination of 20 marks. There is an end semester examination of 60 marks to assess the overall understanding of the subject. This examination is done in an online mode. Care

has been taken so that the questions are well spread over the whole syllabus and the COs and POs are fulfilled. To attain the subject specific POs, PSOs, and COs, many practical oriented questions are asked during teaching, given assignments and online quizzes etc.

3.3 - Innovation Ecosystem

3.3.1 - Institution has created an eco-system for innovations including Incubation centre and other initiatives for creation and transfer of knowledge

The DBATU FORUM OF INNOVATION INCUBATION AND ENTERPRISE Incorporated as Section 8 company on 4th November 2019 the Corporate Identity Number of the company is (CIN No- U85300MH2019NPL332513). It will provide an ecosystem to enterprising students and immediate alumni of the University, its affiliated colleges and other emerging technology based businesses that would support their start-up phase and increase their likelihood of success. It will provide working space, flexible lease, common office and laboratory facilities, business guidance, mentoring, and other technical resources in network mode at the Main Centre of the University.

The Incubation Centre is able to host approximately six to ten clients at a time in a proposed 5,000 square feet facility that would include a mix of office and lab space & necessary infrastructure for prototype building & legal support. The facility is owned by the University and State of Maharashtra. The grant of Rs. 5 Cr is sanctioned by GoM for the duration of 5 Years, out of which first tranche/installment of Rs. 25 Lakh is received by the company. Looking into performance of 2020-21 second installment of Rs. 50 lakh against sanctioned amount will be released soon.

The presence of Centre on the University campus, as Startup Ecosystem, is motivating the young engineers to become job provider rather than job seeker. This culture of creation of entrepreneurs is being propagated to colleges affiliated to the University.

3.5 - Consultancy	
3.5.1 - Institution has a policy on consultancy including revenue sharing between the institution and the individual and encourages its faculty to undertake consultancy	
<p>Consultancy is well recognized as an effective way for universities to disseminate knowledge and make an early and direct impact on society. However, the balance between consultancy and the traditional roles of the academic staff needs to be managed and the interests of the University must be protected. This Policy provides provisions for conducting consultancy to ensure that consultancies undertaken by staff are consistent with the University's strategic and operational objectives and the costs are sustainable. All Research and Non-research consultancies as described in this Policy are governed by the following guiding principles: (a) There should be a demonstrable benefit to the University from the consultancy through income, enhanced reputation, and/or expansion the expertise of the staff member. (b) The Consultancy must not be in conflict with University policies including that governing employment; such as the Code of Conduct Policy. (c) The Consultancy must not be in conflict with the functions, objectives or interests of the University or damage the University's reputation. (d) At a minimum, the salary and on-cost charges set by the University must be applied to all project budgets. All Consultancies are required to include overheads</p>

3.6 - Extension Activities**3.6.1 - Extension activities in the neighbourhood community in terms of impact and sensitising students to social issues and holistic development during the year**

The University has made noteworthy contribution to the society and environment through the active participation of NSS volunteers in the activities organized at neighborhood villages. Major Emphasis was given on holistic development of students. Villages were facing issues of uncleanliness, unhygienic and important issue of open defecation. Lack of awareness is noted among the villagers on issues such as health, education, government schemes etc. Techno-social survey was carried out in the nearby villages. The university organized cleanliness drive, tree plantation and awareness drives in the nearby villages on social issues such as gender equality, save girl child, drug addiction, eradicating superstitions, farmers suicides etc. Further, NSS students created awareness about the various government schemes through 'Yuwa Mahiti Doot App' prepared by Government of Maharashtra.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The institution has adequate facilities for teaching - learning. viz., classrooms, laboratories, computing equipment, etc.

The university has state-of-the-art infrastructure that facilitates effective teaching and learning for all programs

1. The university has total of 21 classrooms, 49 laboratories, nine seminar halls, and one computer center for all the departments. one studio common to all departments and departmental library wherever feasible.
2. In 2020-21, the university has created an Incubation center for guiding students for their startups and developing themselves as entrepreneurs. Various facilities include corridor wi-fi, digital TV displays, and CCTV.

Seminar Halls:

Few departments have their own seminar halls well equipped with ICT facilities

Facilities for the Teachers:

1. Faculty members are provided desktop PCs, and printer facility for most of the faculty members
2. The university promotes to use free and open source software (FOSS).

Modern Classrooms:

Almost all the classrooms are equipped with an internet facility, few classrooms are wifi enabled with Projector, and audio system.

Well-Equipped Laboratories:

1. All laboratories are fully ventilated, LAN and few are Wi-Fi enabled, well furnished with the necessary and latest equipment and machinery with more than adequate number and space for free circulation.
2. Computer laboratories including computer center are equipped with latest configuration branded PCs and also few required licensed software.

4.1.2 - The institution has adequate facilities for cultural activities, yoga, games (indoor, outdoor) and sports. (gymnasium, yoga centre, auditorium, etc.)

Following facilities are in place in the university. Students' activities are promoted through the Sport Department and Cultural Committee.

Playground which is suitable for following outdoor game playing:

1. Kabaddi
2. Kho-Kho
3. Volleyball Court
4. Cricket
5. Football
6. Handball
7. Basketball

8. Athletic

The university also has adequate facilities for the following indoor sports:

1. Table tennis
2. Badminton
3. Chess
4. Carrom

The university has a cultural activity cell in place and it plays an active role in promoting various activities within the university department. However, due to the pandemic situation of COVID-19 in 2020-21, these activities could not be conducted as students were not on the campus.

Yoga

The university conducts Yoga activities under the aegis of NCC unit. . In spite of pandemic situations, in the year 2020-21, the University NCC unit successfully organized an online program. Although it was an online program there was no lack of enthusiasm among the cadets.

The university hostels are having very good facilities for the gymnasium. However, due to lockdown, hostels were closed so no activities were conducted in the year 2020-21.

Auditorium

The university has a state-of-the-art auditorium with 10383 sq.ft. area whose development is in its last stage.

5.4 - Alumni Engagement

5.4.1 - The Alumni Association/Chapters (registered and functional)contributes significantly to the development of the institution through financial and other support services during the year

The Dr BATU Alumni Association (DBAA) was inaugurated on 26th Jan 2021 and formally completed registration with the Charity Commissioner Alibag on 3rd June 2021(DBATU/REG/Recognition DBAA/2020-21 date 08/01/2021). Over the past year, the DBAA

initiated several activities for faculty, current students and alumni. Student activities included provision of internships (around 200), placement assistance (around 20), webinars (around 23 - both subject specific and related to career development) which have helped to establish a strong engagement with students. To further help with internships, DBAA also facilitated a MoU between DBATU and Internshala. For faculty, DBAA is contributing through Alumni Advisors to Departments (to advice on curriculum development, lab development and jobs). For alumni, student and staff members of the DBAA, a website was launched on 23rd Oct 2021 - which acts as the central hub for all alumni activities. Most recently, DBAA is actively pursuing establishment of a Raspberry Pi Lab at DBATU. DBAA has also initiated infrastructure contributions via engagement through tenders for solar grid proposed at DBATU and contributing to discussions concerning Fibre Optic line for enhanced connectivity. DBAA is now working towards establishment of scholarships, support for student digital connectivity and strengthening entrepreneurship activities at DBATU.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The institution has a clearly stated vision and mission which are reflected in its academic and administrative governance

Vision: The University is committed to becoming a leading "Center of Excellence" in the field of Engineering, Technology and Science as a seat of learning with a national character and international outlook. **Mission:** The University is committed to provide quality technical education, research and development

services to meet the needs of industry, business, service sector and the society at large.

The Faculty, Students and Staff are committed to the mission of the University of providing quality technical education and to become a 'Centre of Excellence' in Education.

The University has adopted a number of new initiatives and practices through ingenious leadership and effective governance.

The university has prepared an elaborate 'Strategic Plan' which gives a detailed roadmap for the long-term development and growth of the university as envisaged in the University Act.

The University believes that 'good governance'. In view of this, the university has made several reforms gradually in governance practices. The university has well-structured governing mechanisms as provided in the University Act No. XXIX of 2014. The governance and administration of the university are carried out through various committees such as Executive Council, Academic Council, etc.

File Description	Documents
Upload relevant supporting document	View File

6.1.2 - The effective leadership is reflected in various institutional practices such as decentralization and participative management

The institution promotes the culture of participative management at the strategic level, functional level and operational level. At a strategic level the Governing body, Teachers and the IQAC are involved in defining policies procedures, framing guidelines and rules regulations pertaining to admission, examination, code of conduct-discipline, grievance, support services, finance etc. In functional level faculty members share knowledge among themselves, students and staff members while working for a committee. Faculty members are involved in joint research and have published papers.

Students and department staff join hands with the HoDs and faculty for the execution of different academic, administrative, extension related, co- and extracurricular activities. Startup, innovation and incubation center is going to be a good example of participative Management.

Similarly, Placement process in the University is driven by the participation of members from Career Development Center (CDC), Faculty and Student Committee on placements.

Moreover, Faculty members of various departments have been given additional responsibilities related to various aspects of the university like Student section, Admission, Examination, Research and development, centralized procurement(CPC), IQAC, Alumni association and Board of studies.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic plan is effectively deployed

Dr. Babasaheb Ambedkar Technological University, with its headquarters situated at Lonere, is now a statutory State Technical University established by Government of Maharashtra through special Dr. Babasaheb Ambedkar Technological University Act. The university has been accorded the status of an 'affiliating' university of the entire State of Maharashtra from March 2, 2016, by the Maharashtra Act No. XXIX of 2014.

The Strategic Plan document collates and confers the goals, strategies and performance indicators of the center, every department and affiliating institutes. This information is converted into operating details for each of the functional divisions in terms of priorities, alignment of resources, implementation plan, reporting system and measurement of progress. The strategic plan has been prepared after detailed consultation with various committee members and authorities as well as by taking consideration of feedback from alumni and industry persons so that it will reflect the expectations and roadmap for scaling new heights of excellence. The strategic plan is effectively deployed in various sectors. One example of successfully implemented activity based on a strategic plan is the formation of a startup, innovation and incubation center to encourage and support establishment and growth of technology-based start-ups which can enable students and faculty to

innovate and prototype their potential ideas with industrial standards and support from Government, industry and reputed academic institutions around the world.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The University shall have a decentralized administrative structure of Main center, four Regional Centers at Mumbai, Pune, Aurangabad and Nagpur along with five sub regional centers at Amaravati, Jalgaon, Kolhapur, Nanded, and Solapur. Other Centers may be added over time as needed. The Main Centre shall have four Directors-Academics, Administration, ICT and Research and Development supported by Joint Directors, Registrar, Deans, and Chief Finance Officer in respective areas. The Centres shall look after the functions such as Examination, Research & Development and Industry relations, Training, Student Grievances, etc. The University and Centres shall work through the eGovernance system and MIS with robust State-of-the-Art ICT infrastructure. Apart from the Director's office, Dean's Office and Registrar's office, there is Executive council, academic council, board of examination, board of studies and IQAC which decides the policies, procedure and rules in the respective areas keeping the view of National education policies, government regulations, existing priorities and local needs. Regular feedback obtained from the alumni, students, parents and faculty along with suggestions of NAAC peer team form the major inputs for the planning. These inputs are discussed and analyzed by the executive and academic Council, the registrar, IQAC, and CDC. Finance department, planning and procurement section, Heads of Departments, committee / cell in-charges and office staff, monitor and work together for the effective implementation of these policies. The organizational structure of the University facilitates its smooth functioning.

6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has a performance appraisal system, promotional avenues and effective welfare measures for teaching and non-teaching staff

Teaching faculty is assessed by means of the Self Appraisal Report submitted at the end of every academic cycle. The objective of the SAR is to highlight faculty member's role and performance for the past year and it also summarizes the expectations from the faculty for future development. The reporting authority reviews the nature & quality of work faculty performed annually based on the parameters such as knowledge, analytical ability, initiative taken, ability to inspire and motivate, supervise, interpersonal relations, and teamwork. Student Feedback is also considered for the evaluation of faculty in the confidential report. The CR plays the most important role along with the training and publication of faculty for promotion under CAS. The IQAC also reviews Administrative and Academic progress so as to review the performance of all the departments and office administration. The university has well defined welfare measures for teaching and non teaching staff such as,

1. Casual or Earned Leave are readily sanctioned to the staff for personal work, medical reason, attending Refresher Course/Orientation Program/seminars etc, maternity leave

for female staff

2. Summer and winter Vacation
3. Financial support for teaching faculties to attend conferences, workshops, etc, Festival advance to non teaching staff
4. wifi/internet, canteen, washrooms, CCTV & security staff
5. A well organized cooperative credit society for staff
6. Health care center
7. Women's grievance committee

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

The University ensures optimum utilization of funds through various measures such as organizing various academic activities for faculty and staff members, controlling administrative expenses, sharing common facilities among the Departments and Centers. Faculty members are encouraged to apply for projects from Government agencies to carry out their research in the campus. As per the strategy of the University, the activities that need recurring funds and the others that require immediate funding are identified and grouped separately. Innovative strategies are employed for identifying and mobilizing funds. Faculty members are encouraged to apply for funded research, projects and consultancies. resources are mobilized by encouraging joint programs, research, faculty development programs etc between university departments and the affiliated institutions.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes by constantly reviewing the teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals

Every academic year IQAC visits the department for internal audit and discusses quality assurance strategies and best practices for the department. Every year, the first year student's induction program is conducted under the quality assurance strategy in which the information regarding department, laboratories, examination system, library, other

departments etc along with universal human values. Due to covid 19 pandemic, the induction program is conducted online for the last two years.

Many online workshops and FDP were conducted for improving quality of teaching learning process, structure and methodology of operation and learning outcomes such as 'Orientation Session on National Education Policy (with a focus on Innovation and entrepreneurship.', 'Session on Accelerators/Incubation - Opportunities for the Students & Faculties - Early Stage Entrepreneurs' , 'Orientation Session on National Innovation and Startup Policy (NISP)' etc

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

In year 2020-2021 Institute have conducted following events for gender equality

1. Savitribai Phule Jayanti is celebrated on 3rd January 2021 to aware students about contribution of Savitribai Phule in women's education. Savitribai Phule Jayanti is the annual commemoration of the birth anniversary of the Indian social reformer who played a crucial role in shaping India's education system, with a special focus on educating the girl child.

2. Women's day was celebrated on 8th March 2021 to express gratitude about women's contribution in the society. A day that commemorates the social, political and economic achievements of women. Women in different parts of the world use this day to come together to celebrate one another and rally for equal treatment and representation

3. Tech-Saksham is a program that aims to equip women with technical skills and encourage them towards technology careers. The program particularly focuses on women because India has one of the youngest workforces in the world but with a large skill

gap with regards to the jobs of the future and an even higher gender disparity when it comes to STEM careers. Partners & Programs are

1. Microsoft
2. SAP
3. Edunet Foundation

The Motive behind the program was Build Skills of the Future Engage in a cultural relook, Established college to industry linkages , Build capacity of the support system, Project-based learning with local context.

7.2 - Best Practices

7.2.1 - Describe one best practice successfully implemented by the Institution as per NAAC format provided in the Manual

7.2 Best practices

1. Title of the Practice: Support to the society during natural calamities

2. Objectives of the Practice

- To help and support society during event of distress
- Spread Covid 19 awareness
- To help the needy people

3. The Context

Since last 2-3 years we had to face unfortunate events such as pandemic and natural calamities (e.g., Flood situation, cyclone). University had contributed to the society.

4. The Practice

The Institution contributes to the society through Health camps, Blood donation camps, Awareness rallies, Guest Lectures and workshops to Teachers. During lockdown period we distributed food, water to needy people.

University had conducted workshops on mental health during covid 19 (From 6th may to 10th may). Also, university had conducted online meditation and breath workshop (18 may to 21 may 2020). Vaccination drive had organized in the university campus.

During the flood situation in Mahad, Konkan region (July 2021). University had taken initiative to help them.

5. Evidence of Success

1. <https://dbatu.ac.in/role-of-values-in-technical-education-in-post-covid-19-situation-by-shri-atul-kothari-on-13th-may-2020-at-11-am-through-online-webex-platform/>

6. Problems Encountered and Resources Required

- It was difficult to distribute food, medicine during flood time due to less manpower
- Floods damage the roads, bridges and public property, travelling was very difficult task

Resources required:

- Hostel facilities
- manpower
- finance.

7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

Institutional Distinctiveness:

The University is situated at Lorene in Raigad District, in a rural setting which provides an environment, ideal and conducive for nurturing academic progress, pursuit of research and contemplation in rural area.

The university has been accorded the status of an 'affiliating' university of the entire State of Maharashtra from March 2, 2016, by the Maharashtra Act No. XXIX of 2014.

Finishing school activity for SC/ST/OBC and academically weak students were conducted so as to improve their transition rate, pass rate, skills and employability.

The industry-institute meet has been organised for collaborative activities.

Learning beyond the classroom: The University provides funding support to technical festivals and professional chapter activities of the students so that they learn many new things on their own.

Several finishing school activities and soft-skill development programmes were conducted for SC/ST/OBC and academically weak students so as to improve their transition rate, pass rate, skills and employability.

A specially designed 'diagnostic test' is being conducted for new entrants so as to identify weaknesses in each of the students. Accordingly, suitable measures can be taken in future to help the students to address these weaknesses and improve their academic performance and personality.

7.3.2 - Plan of action for the next academic year

Regular submission of AQARs and Preparation of Self Study Report for second NAAC cycle: The university is over-due for submission of SSR for the second NAAC cycle. The delay was due to the disruption of activities due to the pandemic situation for almost the last two years.

Admission of Ph.D. students on the university campus as well as in affiliating colleges: the university had released advertisements for Ph.D. admission under various schemes (like full-time/part-time, with and without scholarships). The university will give priority to resolving some pending issues to expedite the process. This will give a boost to research at the University.

Beautification/renovation of the campus: University has started several activities for beautification and renovation of the campus by landscaping, repairing & painting old buildings, installing the statue of Chhatrapati Shivaji Maharaj, etc.

Increase the number of functional MoUs with institutions/ industries in India for an internship, on-the-job training, project work, and industrial consultancy.

Development of recreational and sports facilities on the campus of the university for students. Offering more community-based technical projects useful for solving societal problems and also sensitizing students about the problems.

Give emphasis on an increase in the number of students who will qualify for GATE /GMAT /GRE/ TOEFL).
