Chapter One

About the University

Initially the University was established by Maharashtra Government as per Dr. Babasaheb Ambedkar Technological University Act 1989 (22). The Dr. Babasaheb Ambedkar Technological University, Lonere has been reconstituted under the Government of Maharashtra (Act 29) (2014) since 1st March 2016 and the process of affiliation of institutes of Engineering (Engg.), Pharmacy (Pharm.), Architecture (Arch.) and Hotel Management and Catering Technology (HMCT) courses has been started.

Major Boards of the University:

- 1) Executive Council (EC)
- 2) Academic Council (AC)
- 3) Planning, and Evaluation P&E (Monitoring) Board
- 4) Finance Committee (FC)
- 5) Boards of Studies (BOS)
- 6) Such other bodies of the University as may be declared by the Statutes to be the authorities of the University.

For the broader frame work of the University, the board is following their commendations of Dr. Narendra Jadhav Committee for Higher Education and the report of the committees constituted under the leadership of Dr. Anil Kakodkar, Dr. Arun Nigwekar and Dr. Ram Takawle. The reports from All India Council of Technical Education (AICTE), Ministry of Human Resource Development, Ministry of Skill Development, and several reports of industries and CII also formed the resource base of this plan.

Administrative Setup of the New State Affiliating Technical University

The University shall be governed by the main center at Vidyavihar, Lonere, Dist. Raigad. The Vice-Chancellor shall be the Principle Executive Power and academic officer of the University and shall exercise general supervision and control over affairs of the University. However, the three regional centers at Aurangabad, Nagpur and Pune and three Sub centers at Jalgaon, Kolhapur, and Solapur are already functioning. Each center will be headed by a Director/ Deputy Director/Jt. Director and shall be developed as an autonomous center to look after the colleges within its region of management. Appointment of the Director/ Deputy Director/Jt. Director will be for three years.

A 'Regional Center' means a Center established or maintained by the University, as its constituent unit, for the purpose of coordinating and supervising the work of students and institutions and for rendering any other assistance including training, conducting classes and administering examinations and for performing such other functions as may be conferred on such center by the Executive Council (EC).

With the new status of Affiliating Technological University, the University requires manpower at the priority Level. To fulfill the requirements of regulatory bodies like AICTE, NBA and NAAC, induction of Deans at the Main Centre, creating and filling University Officers on Statutory positions of Directors at main center, Regional Centers and Sub-centers the new appointments of faculty member in the University Department is essential.

Currently, the University is heavily Understaffed; the new offices shall also require Supporting staff. For efficient organization, their deployment in early phase of the development of the university is a must. The situation is similar at non teaching staff level. It is matter utmost importance to fill all the vacant position with the highest priority. The university has been following with concerned officers in the

Government to fill up all the vacant positions, The University, however, has been functioning with ad-hoc faculty and non-teaching staff.

University's Regional Centres:

There shall be four Regional Centres, one each at **Mumbai, Pune, Aurangabad, and Nagpur.**

- (1) The Regional centre shall establish the following divisions or cells
 - Examination cell
 - Research and Development and Industry Co-ordination cell
 - Administration and Finance cell
 - Information and Communications Technology cell
 - Students Grievances Centre
- (2) The Director appointed by Executive Council will be the Head of each Regional Centre. Each of the divisions or cells shall be headed by a Joint Director.
- (3) The Sub-centres shall be operated and maintained as University's constituent unit, having University's complements of facilities, faculty and staff. The joint Director appointed by the University will be the head of the sub- Centres.

The Regional Centre is the direct connectivity between the affiliated colleges and the University. Its primary role is to ensure timely and orderly conduct of the examination at designated examination Centres in the region. But it shall address many more functions of the University.

Regional sub-Centres:

There shall be five sub-regional Centres, one each at **Amravati, Jalgaon, Nanded, Solapur and Kolhapur.**

- (1) **Each Sub-Regional Centre shall have the following Administrative Directors**
 - a) Jt. Director- Head of the Centre
 - b) Dy. Director -Examination
 - c) Dy. Director- ICT
 - d) Jt. Director-Administration and Finance
- (2) **The Sub-centre shall establish, within its campus, all or any of the following divisions or cells and such other facilities as it may deem fit**
 - a) Examination cell
 - b) Administration and Finance cell
 - c) Information and Communications Technology cell
 - d) Students Grievances Centre
- (3) **Each of the divisions or cells shall headed by Deputy Director**

University's Strategic Aims:

1. To improve quality of technical education throughout the State.
2. To expand facilities for post-Graduate education by increasing intake capacity of existing Programmes and starting new Programmes.
3. To co-operate with industries both in public and private sectors with a view to devising courses of instruction which would meet the requirements of such industries.
4. To further the advancement of knowledge in Engineering Technology and allied sciences to prosecute and promote research.
5. To teach the examine students in such manner, and confer such Degrees, Diplomas, Certificates and other academic distinctions, as the University may deem fit.

Chapter Two

Authorities of the University

In accordance with section 27-29 of the Dr. Babasaheb Ambedkar Technological University Act No. XXIX of 2014, the Executive Council of this University is hereby constituted for the period of three years with effect from 8th December, 2020 to 7th December, 2023.

Chancellor: His Excellency Shri. Bhagat Singh Koshyari

Vice-Chancellor: Dr. A. B. Pandit / Dr. K. V. Kale

Chapter Three

Departments of University

Department of Chemical Engineering

About the Department:

With a B. Tech. programme intake of 60 students, the department of Chemical Engineering was founded in 1992. With an intake of 18 students each, the M. Tech programmes in Chemical Engineering and Environmental Engineering were started in 2000 and 2001, respectively. The department also began a Ph.D. programme in the 2003–2004 academic year, and it holds the distinction of having graduated the first Ph.D. in the University. The faculties in the department are a committed group. Most of the faculty members hold doctoral degrees. The department works in conjunction with ICT Mumbai to execute cutting-edge research initiatives. The department's main goal is to turn out top-notch engineers with solid chemical engineering fundamentals. The TEQIP programme, a quality improvement initiative supported by the World Bank, is one in which the department takes an active part. Additionally, the department has received funding for a variety of research initiatives from AICTE, UGC, ONGC, and DST. To support the research programmes, the department has excellent analytical capabilities.

Dr. A. R. Chavan
Head, Department of Chemical Engineering

Vision:

The vision of the department is to get national recognition for undergraduate Chemical Engineering program coupled with research strengths in the areas of Heat Transfer, Systems Engineering, Mass Transfer with Chemical Reactions and Biochemical Engineering.

Mission:

We provide a high-quality education experience that will prepare graduate to assume leadership positions within chemical and other associated industries. We foster and encourage the pursuit of new knowledge and innovative scholarship in chemical sciences and engineering. We provide leadership to the chemical engineering profession through dedicated teaching and service.

Department of Civil Engineering

About the Department:

Department is Currently running B. Tech. Programme and Ph. D. Programme, 08 Part time and 01 Full time Research Scholars. 244 Undergraduate Students, 02 Regular and 08 Contract Basis Faculties, 05 Supporting Staff. 1100 sqm of space, 08 well equipped laboratories, 02 UG Classrooms, 01 PG Room. 15 Major and 987 minor equipment. 06 journal papers, 48 conference papers. 28 students got campus placements, almost all remaining helped out to get placed off-campus. 06 well equipped laboratories, 15 consultancy projects, 31 material testing assignments helped IRG of 11.4 Lakhs. 01 Infrastructure Grant Proposal earned grants of ₹ 2.00 Crore from AICTE.

Dr. S. R. Bhagat

Head, Department of Civil Engineering

Vision:

Dissemination of technical knowledge and expertise for education of students and progress of industry, society, our country.

Mission:

We aim at providing quality engineering education tuned with modern scientific and technological development.

Departmental Strengths, Weaknesses, Opportunities and Challenges:

Strengths	<ul style="list-style-type: none"> • Leadership & guidance from Hon. Vice-Chancellor, Academic Council and Executive Council. • Curriculum considering Basic needs of course and employability. • Assured source of grants from University Budget & Prospective resources such as AICTE, UGC, GoM, GoI. • Well-equipped and running labs for students. • Young and enthusiastic team of faculty.
Weakness	<ul style="list-style-type: none"> • Shortage of competent faculty leads to overstressing of available manpower. • Inadequate furniture and civic amenities • Evaluation system is exam-centric leading to high number of examinations and leaving little time for faculty to find interest in project related activities.
Opportunities	<ul style="list-style-type: none"> • Number of students of this department compete in the competitive examinations like GATE, TOEFL, and GRE. • Infrastructure development in country is moving with very fast rate. There is acute shortage of competent civil engineers in all the fields.
Challenges	<ul style="list-style-type: none"> • Conducting departmental activities with the help of freshly graduated faculty members. • Producing engineers of required quality for the industry.

Future Plans of the Department:

- To start PG programme in Environment Management and Sustainable Development
- To become a reputed seat of knowledge in Civil Engineering.
- To produce Civil Engineers required for Indian Industry.
- To promote institute – industry linkage for effective implementation of program objectives.
- To promote need-based research in Civil Engineering.
-

Department of Computer Engineering

About the Department:

The department of Computer Engineering was established in the year 1995 initially with B. Tech. Programmeme having intake of 60 students. In the year 2001, two additional Programmes were introduced. First, M. Tech. Programmeme in Computer Engineering with an intake of 18. Second, B. Tech. Programmeme in Information Technology with an intake 60 students. In the year 2004, the B. Tech. Programmeme in Information Technology was shifted to the newly created department of Information Technology. In the year 2008, the first research scholar for Ph. D. Programmeme was enrolled in the department. Graduates of the department are trained with three kinds of knowledge and skills so that they can apply the principles of Computer Science and Engineering to solve real-life problems from diverse application domains. *First*, the graduates are provided with the conceptual knowledge of the core topics of Computer Science. *Second*, they are also trained for knowledge of mathematical formalisms underlying various Programmeme concepts. *Third*, graduates undergo rigorous practical training in which they acquire skills for the state of the art technologies and tools.

Dr. L. D. Netak

Head, Department of Computer Engineering

Vision:

The department is committed to achieve academic excellence through education and research in the emerging and established areas of Computer Science and Engineering.

Mission:

Building the capacities of young students to realize their professional and academic dreams.

Challenges	<ul style="list-style-type: none"> Rural background. Frequent power Shut-down Motivating staffs and students for professional attitude.

Department of Electrical Engineering

About the Department:

The department of electrical engineering is one of the pioneer engineering departments of the University. The department had passed a journey of 27 years. I am proud to be the founder member of this department and happy to note that based on excellent performance of students and staff, the department has got accreditation from NBA for successively two terms from 2003 to 2006 and 2006 to 2009. The beginning of a P.G. course in power system with an intake of 18 students is an extra feather to the department to initiate research activity. The registration of research scholars in emerging areas of power system and power electronics adds strength to research activity of the department. The department believes in skill training thus has maintained well equipped laboratories in the emerging areas with standard high end equipment. Many of our aluminous have attained prestigious positions in organizations of repute in India and abroad.

Prof. Satarkar M. F.A.R.
Head, Department of Electrical Engineering

Vision: To be a leading center for transformation of new trends in Electrical Energy and Technology through education, innovation of international acceptance to national industries and local society at affordable cost.

Mission: To cater the needs of Electrical Engineering Graduates to excel in the challenges of modern society through sound knowledge of fundamentals and applications, to work intensely with industry leading to the development of cutting edge and commercially-viable technologies.

Department of Electronics & Telecommunication Engineering

About the Department

The department of Electronics and Telecommunication Engineering was established in the year 1995 initially with B. Tech. programme with intake of 60 students. In 2001, M. Tech. programme in Electronics & Telecommunication Engineering with an intake of 18 students was introduced. From academic year 2008-2009, intake of B. Tech. has been increased to 120 students. The department has started Ph.D. programme from the academic year 2003, presently 19 research scholars are working in the research area of Signal Processing, Computer Network and Microwave Communication. Department is also offering fellowship to M. Tech. and Ph.D. students under TEQIP project. The curriculum designed is a perfect blend of Electronics, Communication and Computing Technologies. The focus of the department is to produce graduates & post graduates with strong fundamentals in Electronics and Communication domain. The department has received handful amount of funding from AICTE, UGC, TEQIP and State Government for various research projects.

Dr. S. L. Nalbalwar
Head, Department of EXTC

Vision:

The vision of the department is to achieve excellence in teaching, learning, research and transfer of technology for development of society.

Mission:

The Electronics and Telecommunication Engineering Department constantly aims at providing quality education and works towards the fulfillment of the goal and objectives in pace with the modern scientific and technological development.

Department of Information Technology

About the Department

The department of Information Technology was established in the year 2001 with B. Tech. programme having intake of 60 students under the umbrella of department of Computer Engineering. The B.Tech. programme in Information Technology was shifted to the newly created department in 2004. The first research scholar for Ph.D. programme enrolled in the department in 2015. Department has seven regular faculties, three laboratory supporting staff- Laboratory Assistant (Technical), Laboratory Assistant and Laboratory Attendant. All the faculty members have completed their M.E. /M.Tech. One faculty has completed Ph.D. and two faculty members are pursuing their Ph.D.s. The Department has set tradition of achievements in sports, cultural activities, extracurricular activities, competitive examinations like GATE, MBA-CET etc. and campus placements.

Dr. Sanjay R. Sutar
Head, Department of IT

Vision

Impart highest quality, technology-based education, in the most cost-effective manner, to facilitate the University mission as it applies to the management, teaching, learning, and community service.

Mission

Provide effective technology support for audio/visual, computer, multimedia, voice, video, and web-based applications to fulfill the need of students and staff. Promote and facilitate the effective integration of technology into the basic mission of the University through planning, programming, training, consulting, and other support activities. Develop, enhance, and manage the University enterprise networks to provide high speed, transparent and highly functional connectivity among all information resources. Develop and maintain highly effective, reliable, secure, and innovative information systems to support instructional, administrative and research activities. Facilitate the collection, storage, security and integrity of electronic data while ensuring appropriate access, innovative applications.

Department of Mechanical Engineering

About the Department:

Established in the year 1992, the Department of Mechanical Engineering offers various academic programs, like B. Tech. (Mechanical Engineering), M. Tech. (Manufacturing Engineering), M. Tech. (Thermal & Fluids Engineering) and Ph.D. The department takes pride in its highly qualified and motivated faculty members most of whom are PhDs from IITs. The alumni of the Department have made a mark in industry and profession. Over the years, the department has maintained good academic and research culture. As a result, the faculty members in the department have published more than 600 papers in peer-reviewed international journals and conferences so far. Further, some of the laboratories have developed innovative products which are being patented for commercial usage. The Department has strong linkages with institutes like IIT Bombay and BARC. In addition, the Department has also conducted several continuing education programs (CEPs) and STTPs for the benefit of faculty and industry personnel.

Dr. Neeraj Agrawal
Head, Department of Mechanical Engineering

Vision:

The vision of the department is to achieve excellence in teaching, learning, research and transfer of technology and overall development of students

Department of Petrochemical Engineering

About the Department:

Department of Petrochemical Engineering holds the unique distinction of being the first department established in this university with the intake capacity of 30 students in 1989. Department has good infrastructure facilities, well equipped laboratories, advanced software and a blend of experienced and young dynamic faculty. Department have organized different workshops at national level on topics like Energy conservation, Plant Utilities and Steam Engineering in the last three years. From the academic year 2008-2009 the intake capacity of students for the department have been increased to 60 from 30. Over the year's department faculty have received grants for different projects from AICTE, UGC and TEQIP. Department students are performing excellently in different fields like Industry, Academia, Research and Management all these years.

Dr. Sangeeta S. Metkar
Head, Department of Petrochemical Engineering

Vision:

The Department of Petrochemical Engineering aims to be ranked amongst the best departments in India for its teaching, research, creativity and innovation.

Mission:

To provide high quality education to enable our graduates to identify and achieve their goals.

Challenges	<ul style="list-style-type: none"> • Getting qualified faculty members and improving their retention period. • Attracting good CET score students for UG programme.

Department of Chemistry

About the Department:

Department of Chemistry was established in the year 1989 with B.Tech. programs in various fields of Engineering and Technology. Laboratory is well equipped with state-of-art analytical equipments such as Chemical Oxygen Demand, Dissolved Oxygen setup, Gas Chromatography, UV- Visible Spectrophotometer, Photo reactor etc. Department is having five experienced and dedicated faculty members. Their contribution towards academic and other activities for the department add beneficial values. Department is engaged in

research by offering Ph.D. programs in Chemistry since 2003. Department has published good numbers of research papers in the area of Photocatalyst, Environmental Chemistry, Solid State Chemistry, Phytochemistry etc.

Dr. P. B. Lokhande
Head, Department of Chemistry

Vision:

To achieve academic and research excellence in the multidisciplinary areas of Chemical Sciences and Technology.

Mission:

To impart the basic and advanced knowledge of Chemistry and their applications to various fields of Engineering and technology.

Overview of Academic Programs:

Academic program	Duration	Intake
Engineering Chemistry B.Tech First year	Sem- I and II of 2021-22	540+

3	Dr. M. H. Pendse	Associate Professor and Head, Walchand College of Engineering, Sangli (External)
4	Dr. B. B. Singh	Professor (External)

Departmental Strengths, Weaknesses, Opportunities and Challenges:

Major Strengths	<ul style="list-style-type: none"> • Qualified and experienced faculty. • Laboratory is well equipped with state-of-art analytical. • Active involvement of faculty in different administrative works. • Good number of publications in reputed international and national journals.
Weaknesses	<ul style="list-style-type: none"> • As per UGC / AICTE we have to maintain student teacher ratio therefore department is having shortage of teaching and Technical Laboratory Staff. • Lack of sufficient space in the main building. • Industry - Academia interaction.

Opportunities	<ul style="list-style-type: none"> • There are numerous opportunities for us to interact with industries and CSIR / DST research laboratories to carry out joint minor/ major research projects however it is very difficult due to above mentioned weaknesses. • To start PG courses in Chemistry.
Challenges:	<ul style="list-style-type: none"> • As this University is now become State Technological University, many of the Engineering and Technological Colleges / Institute across the State of Maharashtra going to affiliate in next Academic Year. The newly designed syllabus will be implemented to them therefore it will be a big challenge for us to interact and cooperate with the faculty members of Affiliated Colleges for smooth functioning of their academic activities. • To establish the full-fledged separate department with multidisciplinary courses.

Department of English

About the Department:

The Department is established in the year 1989. The Department is committed to transform the scene of education in the area of English language. The staff members are also trying to implement different teaching-learning strategies for the actual experiences. It is also the endeavour of the Department to contribute the world of research due to which the department would be a major player in the world of education. Since the inception department is involved in curricular and extra-curricular activities at the University. The Department of English offers courses, entitled 'Communication Skills' and 'Basic Course in Human Rights'. The Department has established a Language Laboratory in the academic year 2005-2006 to set a very good example of teaching learning through the use of technology.

Dr. A. P. Shesh
Head, Department of English

Vision:

To impart the linguistic proficiency to the students of engineering and technology in order to make them world leaders.

Mission:

The Department aims to develop the students as the industry professionals with discipline and skills required to play the role of good citizen. It also aims to establish links with other institutions and industry for the enhancement of knowledge skills.

Faculty:

Sr. No	Name of Faculty	Designations	Qualification
1	Dr. A. P. Shesh	Associate Professor and Head	M. A. (English), Ph. D.
2	Mr. S. Y. Kolekar	Assistant Professor (Adhoc)	M.A.(English, NET 03 Times)
3	Mr. R. L. Dhanpalwar	Assistant Professor (Adhoc)	M. A. (English), M. Phil., SET, NET, and Ph.D. (Ongoing)

Plan of Action:

- More interactive teaching and internal assessment.
- To undertake research in English Literature and ELT.
- To introduce training in different foreign languages which would be useful for the students for employment.

Department of Mathematics

About the Department:

The Department of Mathematics came into existence in the year 1989. The Department is mainly devoted at present to impart education of Mathematics at UG level. That is why, it has taken all the various aspects into consideration while framing the course structure of Mathematics subjects at UG/Doctoral level to suit the requirements of today's Scientists, Engineers and Applied Mathematicians. To meet the end, the subjects like Engineering Mathematics I, II and III have been introduced at UG level of engineering education of our University. In this way, the first objective of the Department while framing the syllabi has been to make available much of post-calculus Mathematics needed and used by scientists and engineers, in a setting that is helpful to both engineering students and faculty.

Dr. V. J. Bansod

Head, Department of Mathematics

Vision:

The Department of Mathematics strives to be recognized for excellence among academic institutions in India and abroad through the depth of its teaching and research, and to be locally relevant through its role in the development of the community it serves. The Department wishes to focus on providing a comprehensive curriculum at undergraduate, postgraduate and Ph.D. programmes, relevant to research and career opportunities in India and abroad.

Mission:

To promote teaching, research and mathematical understanding of students, and to inculcate in a student a deep sense of analysis of all fundamental principles, concepts and practices in the specialized areas of sciences, engineering and technology.

Overview of Academic Programs:

Department of Physics

About the Department:

The Department of Physics was established in the year 1989 to offer a foundation in Physics to provide all basic and scientific knowledge to the various disciplines of undergraduate students of Engineering and Technology. The Department has started Ph. D programme from the academic year 2004. Department is also offering fellowship to Ph.D. students under University scheme. The curriculum designed is a perfect blend of Physics. The focus of the Department is to produce graduates & PhD with strong fundamentals in Physics and Applied Physics. Eight students have completed their PhD in the various fields of CMR materials, Nano Ferrites, Carbon nano tubes and fuel cells. Three Research Scholars are working in Nano Ferrites, Multiferroics and Meta-materials. Department contributed to NEP -2020 under the scheme of AICTE by translating the Physics books in Indian language as Marathi.

Dr. S. G. Dahotre
Head, Department of Physics

Vision:

To promote excellence in teaching, learning, research and transfer of science and technology and overall development of students.

Mission:

To inculcate in the students a deep understanding in science and scientific principles in order to develop strong basis for acquiring technical knowledge and skill.

Institute of Petrochemical Engineering

About the Institute:

The Institute of Petrochemical Engineering is a conducted institution of Dr. Babasaheb Ambedkar Technological University Lonere, was established by government of Maharashtra under the World Bank Assisted Project. Over the years it has grown into a premier institution with excellent teaching-learning environment to achieve excellence in imparting quality technical education thereby generating technocrats compatible with needs of current industries & society. This Institute is a conducted institution of the University running Diploma Courses in eight streams of Engineering and Technology and one Advanced Diploma in Water Quality Management. All the diplomas are awarded by the University. The Institute extends its services to the society through a scheme of "Community Developments through Polytechnic" sponsored by MHRD, New Delhi by educating the dropouts and empowering them with technical skills. For the rural youth, dropouts and women three to six month's duration certificate programs are conducted. Every year around 500 youth are given training in Computer, Auto-Cad, Electrician, Welding, Tailoring and other skills through various off-campus centers located in surrounding villages and hilly areas.

All the departments have required Laboratory facility available and they are updated regularly. Students are encouraged to participate in various competitions held in other institute or in this institute in field of culture, sports, paper presentations etc. Regular one-month industrial training after fourth semester is included in curriculum so that students get acquainted with industry work culture and try to correlate theoretical knowledge with practical applications. Apart from this, industrial visits of final year students are regularly arranged in surrounding industries. Each department has their student's association, which conducts department level programs such as expert talk, technical quiz/competition, engineers and teacher's day celebration and parent meets. This helps in improving managerial skills, soft skills and in turn overall development of students. Response in parent meet is very good and parents' feedback is quite good. The result of final year students is very good. Students of chemical/petrochemical engineering are securing admission to B. Tech. at LIT Nagpur while students of Computer, IT, electronics and telecommunication and instrumentation Engineering are securing admission for graduation after diploma at COEP Pune, VJTI, PICT Pune and other reputed institutes in Maharashtra. All the staff members are sincerely working for the development of the institution. With the sincere and dedicated efforts of our faculty and staff members, this institute has become well known for diploma education in Maharashtra State.

Dr. M. A. Dabhade
Principal, IoPE

Vision:

To transform the institute into a seat of learning and contemplation so as to provide comprehensive technical education at Diploma and Post Diploma level and create world class technicians oriented towards lifelong learning.

Mission:

We in this institute commit ourselves to realize our vision through continuous quality improvement of faculty and staff adopting a vibrant curriculum and scientific delivery and a culture of transforming an appropriate technology to rural areas and the underprivileged people.

- **Oxygen Audit:**

During peak Corona period our faculty members conducted Oxygen Audit of Covid hospitals of Mangaon, Mahad, Shrivardhan and Mhasala. During peak Corona period our faculty members conducted Oxygen Audit of Covid hospitals of Mangaon, Mahad, Srivardhan and Mhasala.

- **School Connect** is an important activity to improve admission, create awareness about technical education, government scholarship schemes and facilities and opportunities after diploma education.

All the faculty members visited schools of Magaoan, Mhasala, Poladpur, Mahad, and Shrivardhan Taluka and collected around 4200 student's data.

- **Pragati Scholarship of AICTE, New Delhi:**

Fifteen girl students of first year admitted in academic year 2021-22 received AICTE PRAGATI Scholarship of Rs. 50,000 each per year.

Overview of Academic Programme:

Innovation, Incubation and Enterprise (i2E) Centre at Dr. Babasaheb Ambedkar Technological University

The Dr. Babasaheb Ambedkar Technology University Forum of Innovation Incubation and Enterprise Incorporated as Section 8 company on 4th November 2019 the Corporate Identity Number of the company is (CIN No-U85300MH2019NPL332513). It will provide an ecosystem to enterprising students and immediate alumni of the University, its affiliated colleges and other emerging technology based businesses that would support their start-up phase and increase their likelihood of success. It will provide working space, flexible lease, common office and laboratory facilities, business guidance, mentoring, and other technical resources in network mode at the Main Centre of the University.

The Incubation Centre is able to host approximately six to ten clients at a time in a proposed 5,000 square feet facility that would include a mix of office and lab space & necessary infrastructure for prototype building & legal support. The facility is owned by the University and State of Maharashtra. The grant of Rs. 5 Cr is sanctioned by GoM for the duration of 5 Years, out of which first tranche/installment of Rs. 25 Lakh is received by the company. Looking into performance of 2020-21 second installment of Rs. 50 lakhs against sanctioned amount will be released soon.

The presence of Centre on the University campus, as Startup Ecosystem, is motivating the young engineers to become job provider rather than job seeker. This culture of creation of entrepreneurs is being propagated to colleges affiliated to the University.

This University Company has a network of a pool of industry professionals, technologists, and business owners that are willing to volunteer on the Advisory Board of the Centre. The advisory board members have been selected on the basis of their willingness to give time for interaction with the Executive Committee of the Centre on regular basis and provide guidance and mentoring at various stages of the businesses development to the Incubatee (s).

National Innovation and Start up Policy of the University is formulated and being implemented for smooth functioning of the Company.

**Tribal Development Centre (TDC), Dr. Babasaheb Ambedkar Technological University
And ITDP Ghodegaon, Pune**

**A Report of the Training Programme organized by the Tribal Development Cell, Dr.
Babasaheb Ambedkar Technological University, Lonere.**

A training programme for the tribal people in Kinwar region of Nanded District was organized from 17/05/2022 to 19/05/2022 at Kinwat. This programme was conducted by the Tribal Development Centre, Dr. Babasaheb Ambedkar Technological University, Lonere and Dr. Babasaheb Ambedkar Technological University Regional Centre, Aurangabad. The objective of this programme was to create awareness among the tribal people about the following areas:

- Provisions of the Panchayats Act 1996 or PESA Act to ensure self-governance through traditional Gram Sabhas for people living in the Scheduled Areas of India.
- Find out possibilities of application of Engineering and Technology for improving the quality of life of tribal people and bring them into the mainstream.
- Preserve traditional artisan skills, building on local innovation and local knowledge systems in designing local resource management strategies through a participatory research approach.
- To improve existing equipment and machinery and introduction of new techniques and complete the technology package.

The inaugural programme started with the address of Shri. Girishji Kuber and other resource persons. The function was graced by the MLA of the region Shri. Bhimrao Keram. He assured to extend all kind of cooperation for such missions in future. A team of the following experts with wide experience in this area supported the training programme.

Around 64 participants participated in the said programme with lot of enthusiasm. All of them were very eager to listen to the resource persons right from the day I. The resource persons like Shri. Chaitram Pawar, Shri. Girishji Kuber, Shri. Milind Thatte, Dr. Suhas Ajaonkar, Shri. Ranjit Desai, Shri. Keshav Gurnule, Shri. Ajit Gavit, Dr. Atul Saraf were invited for this programme.

Out of these resource persons Shri. Ranjit Desai was an expert in Water Management. He guided about the Water Management in the different areas in this region. The session got a very good response from the audience. Dr. Atul Saraf identified the technical needs of the tribal in the region and developed a prototype of machine which can produce jaggery from sugarcane juice in a very short span of time. All other experts talked about PESA and other provisions for tribal people.

The participants also visited the nearby forest to conduct a survey of forest resources which can be economically beneficial for the tribal people. The valedictory function was presided over by the Registrar of the University and Coordinator of Tribal Development Centre Dr. Bhagwan Jogi. The Programme ended with vote of thanks to all the resource persons, Authorities of the Universities, Ministry of Tribal Development, Maharashtra Government and the participants.
