## About the University and the Department

Dr. Babasaheb Ambedkar Technological University was established by the Government of Maharashtra vide Dr. Babasaheb Ambedkar Technological University Act. No. XXII of 1989 as a Unitary University. Later, the Government of Maharashtra converted this University to the Affiliating Technological University since 2016 vide Dr. Babasaheb Ambedkar Technological University Act No XXIX of 2014 with the jurisdiction of the University as the entire state of Maharashtra. Presently 272 institutes are affiliated with the University. The sprawling 468 acres of the campus of this University provides as a sanctum seat of learning across the state. The University attracts meritorious students from the entire state and molds them into employable engineers and competent technocrats. The University is empowered to affiliate Institutions that offer UG, PG, and Ph.D. level programs in the disciplines of Engineering, Pharmacy, Architecture, and Hotel Management & Catering Technology.

The department of Information Technology was established in the year 2001 with B. Tech. programme having an intake of 60 students under the umbrella of the department of Computer Engineering. The B. Tech. programme in Information Technology was shifted to the newly created department in 2004. The department constantly aims at providing quality technical education and works in pace with the modern scientific and technological development to meet the needs of industry and business, the service sector and the society at large.

### About the FDP

In today's competitive world, a key factor contributing to success in business is the management of knowledge, an aspect of which is managing creations of the human mind. Intellectual Property Rights (IPRs) are rights vested in creators for their creations. They are intangible; however, they possess immense value. They also span across science and technologies, including information technology, artistic creations, branding, product designs and so on. Therefore, understanding IPRs has become imperative for all those involved in industry, research, academia or setting up a new business entity.
