At the time of admission, tuition fees and other fees are not collected from SC/ST students and OBC students as per fee structure of the university. Therefore, the scholarship granted to SC/ST and OBC students by Government directly credited in university bank account maintained for that specific purpose after approval of scholarship from concern Government department from time to time.

As per the accounting treatment followed by the university, the said scholarship received firstly booked under current liability under the head SC/ST scholarship and afterwards as per the order of Registrar the said scholarship amount is being transfer to fees account periodically and booked the same as academic fees under respective accounting heads through passing necessary journal entries.

At the year end, the closing balance in the SC/ST scholarship ledger account was ₹4,03,02,612.50/-as against the balance of ₹ 3,71,92,152.36/- in Scholarship bank account which is pending to be transferred to fee bank account. Therefore, it is seen that SC/ST scholarship ledger account is overstated by ₹31,10,460.14/- due to accounting errors in the previous years and the same need to be transferred to reserves and surplus.

Fixed Deposits as per Balance sheet amounting to ₹2,57,22,97,286.82/- .
